DAWES ATTACKS LA FOLLETTE AND BRYAN

ACTS SPEARHEAD OF REPUBLICAN BATTLE LINES

IN VERBAL ASSAULT, CHARGES
CONSTITUTION TAMPERING
BY LA FOLLETTE

DAWES SCORES BRYAN AS RADICAL ON DEMOCRATIC TICKET

(By United Press)
Evanston, Ill., Aug. 20.—Pickpockets thrived on the notification ceremonies of General Charles G. Dawes last night.

More than a score of men reported losses in cash ranging from \$4 to \$100. One woman was relieved of a \$125 wrist watch and a \$375 bar pin.

And while 15,000 spectators gathered on the Dawes lawn three Evanston homes were burglarized. Alderman Joseph Bell of Sheboygan, Wis., was one of the victims of the pickpockets, losing \$85.

Chicago, Aug. 20.—Acting as the spearhead of the Republican battle lines in the northwest, Charles G. Dawes, Republican nominee for vice president, has initiated a vigorous attack on Sen. Robert M. La Follette, candidate for president on the independent ticket, and on Gov. Charles W. Bryan, vice presidential candidate on the Democratic ticket. Dawes branded them as "radicals." He attacked La Follette for attempting to tamper with the constitution.

In his speech accepting the nomination, delivered last night on the broad grounds of the Dawes mansion in Evanston, Chicago suburb, Dawes dealt with only a few issues, devoting himself largely to an assault on La Follette and on the "one radical candidate on the Democratic ticket."

"Robert M. La Follette, leading the army of extreme radicalism, has a platform demanding public ownership of railroads and attacking our courts which are a fundamental and constitutional safeguard of American citizenship," Dawes said.

"Our nation is asked to leave important constitutional moorings to embark again into those contests through which it has fought up to the establishment of good government. Through the war of the revolution, through the civil war and through the world war, our people have struggled to maintain our constitutional principles. They are asked to follow into an attack upon them, massed behind an aggressive personality, a heterogeneous collection of those opposing the existing order of things, the greatest section of which, the socialists, flies the red flag; and into what? Into confusion and conflict of ideas and ideals and into the reopening of war upon those fundamental principles of the human liberty and the inalienable rights of men which are giving in this country safety and opportunity to the humblest and to establish which the blood of our forefathers was shed. This is the predominant issue in this campaign."

Characterizing the Republican party as "the party of progressive conservatism," Dawes said:

"Lying between these two armies of progressive conservatism and of radicalism, which are properly aligned upon this issue in the minds and conscience of the American people is interposed the Democratic party, with one conservative and one radical candidate on its ticket hoping to get votes by avoiding the issue."

In this situation for which the American people alone are responsible, the Democratic party, as a party instead of recruiting itself from the two battle lines, will suffer only the fate which befalls those who try to straddle in a real fight."

Dawes said that the Republican party, under the leadership of President Coolidge has taken its stand firmly on the constitution.

"Opposed to it, and in reality its chief opponent, though the result may be to deadlock the contest for the presidency and make Bryanism succeed the Coolidge policy, is a movement of untried and dangerous radicalism," Dawes declared.

"With a platform drawn by one man, (Continued on Page 5)

PAT HARRISON RE-NOMINATED IN MISSISSIPPI

(By United Press)
Jackson, Miss., Aug. 20.—Senator Pat Harrison was re-nominated by Mississippi Democrats in Tuesday's primary by an overwhelming majority, returns showed today. Senator Harrison's victory over former Governor Earl Brewer, his only opponent, was approximately five to one.

FOUR BANDITS ATTACK STATE BANK OF COSMOS

THE TOWN IS LOCATED 22 MILES
FROM LITCHFIELD

SAFE PARTLY WRECKED, BUT
NOTHING OF VALUE WAS
STOLEN

(By United Press)
Litchfield, Minn., Aug. 20.—Four bandits at 1 a. m. today entered the basement window of the First State Bank of Cosmos, 22 miles from here, and partly wrecked the safe without obtaining anything of value.

The safe is of the two-door type, and only the lower compartment was blown open. This part of the vault contained bank records and other papers of no value. The upper compartment was filled with a large amount of currency. The creamery payroll of \$5,000 in cash was stored in this section.

A garage man across the street from the bank saw a touring car drive up and three men entered the basement window. A fourth was believed to be watching in the car.

Rushing out, the garage keeper opened fire on the bandits but was forced to retreat as a hail of bullets whistled about his ears. Eight bullet holes were found in the garage wall this morning.

The cashier of the bank, living next door to the building, came to the porch of his home but two bullets which entered the building hurriedly drove him inside.

The robbers had cut all wires to the town and it was not until several hours later that Sheriff Bernard Anderson of Meeker county was notified at Litchfield of the attempted robbery. He immediately ordered all roads leading to Cosmos guarded, but owing to the heavy fog which covered this section of the state last night and early this morning it is believed the bandits made good their escape.

Sheriff Anderson believes they fled for Minneapolis.

Cosmos is on the Luce line railroad about 18 miles from Hutchinson.

KANSAS CITY BANK ROBBED

Kansas City, Mo., Aug. 20.—Four bandits held up the Corn Exchange bank here today and escaped with \$13,000 in cash. The bandits drove up to the bank in a touring car. While one remained in the car the other three entered the bank, forced the cashier, H. D. Moore, and three employees to lie on the floor, and scooped the cash from a till.

80-YEAR-OLD MAN DRAGGED HER ABOUT BY HAIR, WIFE SAYS

St. Paul, Aug. 20.—Since she cut off her 80-year-old husband's supply of moonshine four years ago he has been raising trouble continually. Mrs. Matilda B. Davison, Minneapolis, charged in a suit for divorce today.

Despite his age, Mrs. Davison charges her husband, Burnett W. Davison, several times has beat her with his fists, and on one occasion dragged her around the room by the hair.

Davison is a Civil war veteran. Their home is at 4100 30th ave. s., Minneapolis.

STIFF WIND BARS FLIGHT WORLD FLIERS

YANKEES NOW EXPECT TO TAKE
OFF FOR FREDERIKSHALS
TOMORROW

AMERICANS INVITE ITALIAN
AVIATOR, LOCATELLI, TO
ACCOMPANY THEM

(By United Press)
Reykjavik, Iceland, Aug. 20.—A stiff wind sweeping across the bay here today caused postponement again of the flight of the American round the world aviators. The aviators probably will attempt to take off for Frederikshals, Greenland, tomorrow.

The Americans have invited Lieut. Locatelli, Italian aviator, to accompany them on their homeward journey. Locatelli is flying from Pisa to New York. His plane is in readiness and he will take the air with the two Yankees.

America's air adventurers probably will not land on home shores before September 1 owing to delays from storms and mishaps to their airplanes.

Admiral Magruder, aboard the U. S. S. Richmond, wireless the aviators here that the Richmond will stop at dawn 87 miles from Reykjavik and launch two seaplanes which will carry the needed repair parts for the round the world planes. Sending the repairs by seaplane will save three hours.

FORMAL MURDER CHARGE HANGS OVER KID MCCOY

FIGHTER COMES THROUGH THE
NIGHT WITHOUT ANOTHER
"BRAIN STORM"

GRAND JURY INDICTMENT RETURNED LATE YESTERDAY
AFTERNOON

(By United Press)
Los Angeles, Calif., Aug. 20.—With a formal murder charge hanging over his head, Kid McCoy, middle weight fighter of two decades ago, came through the night without a fresh outbreak of the "brain storm" which gripped him yesterday.

The grand jury indictment voted late yesterday charges McCoy with the murder of Mrs. Theresa Mors, his ninth "great love."

With robbery on four counts and with assault to commit murder on three counts failing to arouse within the Kid any new frenzy of excitement, he spent a quiet night in his cell in the county jail and apparently slept soundly, jailers reported.

MCCOY DENIES COMMITTING CRIME

Los Angeles, Aug. 20.—"I did not," His hair disheveled, eyes gleaming wildly and a scowl across his face, Kid McCoy, former champion pugilist, and man of many loves, almost shouted the words in Superior Judge Crail's court today when he heard read the indictment charging him with the murder of Mrs. Theresa Mors, his latest sweetheart. Then, quailing under the stern gaze of his attorneys, the Kid relapsed into silence and crouched in his chair, while his counsel asked and received an extension of the case until Monday for pleading.

A complete reading of the eight charges in the true bill returned by the grand jury against McCoy was waived by defense attorneys, Davis and Knickerbocker. They declared their case would not be completed yet and asked for more time.

At 10 a. m. Monday the case will be heard, plea entered and date for trial set.

ROBBED 3 AND CLAIMED MONEY FOR SICK BABY

(By United Press)
St. Paul, Aug. 20.—Explaining that "we were going to commit suicide if we didn't get money tonight for our sick baby," a pretty, bobbed-haired girl bandit and her young male companion last night robbed three woman nurses of \$12.

The young man, about 18, pointed a small nickel-plated revolver at the three while the "dapper bandit" did the explaining.

STATE HOLDS LEOPOLD, LOEB RESPONSIBLE

ASSISTANT STATE'S ATTORNEY
MARSHALL MAKING HIS
ARGUMENT

TRACES SIMILARITY BETWEEN
LEOPOLD AND ANARCHISTS'
PHILOSOPHY

(By United Press)
Criminal Courtroom, Chicago, Aug. 20.—There is no degree of responsibility, and if responsibility exists at all it exists for all purposes," Assistant State's Attorney Thomas Marshall declared today in resuming his arguments before Chief Justice John R. Caverly that Nathan Leopold and Richard Loeb were equally responsible for the killing of Robert Franks, 14-year-old school boy.

Taking up Leopold, Marshall said that the youthful prisoner asserted himself to be a superman and above the law. "It was said that if Leopold thought it right to commit murder, so far as he was concerned it was all right," Marshall said. "What he did was all right because he did it. Law had no application for him."

Marshall likened Leopold's attitude toward the law to the Spies case of about 35 years ago when seven anarchists set off a huge bomb here, killing seven people. Marshall said that two of the conspirators were hanged, pointing out that the conspirators had substantially the same feeling toward the law as Leopold.

Marshall then dwelt at length on Leopold's philosophy and the philosophy of the anarchists, pointing out the similarity of thought and reasoning.

Marshall then developed the state's contention that ransom was the prime motive in the kidnapping and killing. Marshall pointed out that the youths had a "form" letter demanding ransom. This letter, Marshall said, was to be mailed when needed when they had picked out their victim.

"Whenever they wanted to carry out their ransom program they were ready," said Marshall. "They were known to young Franks, who would have exposed them if released."

"Youth must not be used as mitigation of punishment under the law," said Marshall, and cited many instances to show that the full penalty of the law had been meted out to boys under 21.

The defense asked for mitigation of punishment on the grounds of near mental disease, but no evidence had been submitted to prove this contention, Marshall said.

Farm-Labor Candidates Address Hastings Group

Hastings, Minn., Aug. 20.—Floyd B. Olson, nominee for governor on the Farmer-Labor ticket, spoke here this afternoon at the postoffice corner before a large crowd.

Thomas V. Sullivan, nominee for attorney general, and other candidates on the Farmer-Labor ticket, also spoke.

All urged support of Sen. R. M. La Follette, independent candidate for president.

"MILLIONAIRE HOBO" ON A NEW JAUNT

SAILS HIS BARK ALONG PATH
OF MARRIED
LIFE

HIS WIFE IS NICKNAMED AS
THE "LADY
HOBO"

(By United Press)
Chicago, Aug. 20.—James Eads Howe, world-renowned "millionaire hobo," started today on a new jaunt—along the path of married life.

Howe was married last night to Miss Ingeberg Sorenson, 29. The marriage ceremony was performed at the home of the bride's parents by Dr. Irwin St. John Tucker.

Howe, who is now 55, startled the world more than two decades ago when he inherited \$10,000,000 but announced he was not entitled to the money as he had not earned a penny of it, and set out to aid the "hapless hobo." Howe's grandfather built several great bridges, one of which spans the Mississippi River at St. Louis and the great Mississippi jetties.

His father was president of the Wash-bash railroad. Since the early 90's Howe has been a regular attendant at hobo conventions, and on one occasion stepped into the office of the mayor of St. Louis and offered him \$100,000 to aid the poor, and was ordered examined by alienists.

Miss Sorenson, according to Dr. Ben Reitman, president of the hobo college, is known as the "lady hobo." The couple met at a labor meeting.

INDEPENDENT SPEAKING UNDER WAY LABOR DAY

SENATOR BURTON K. WHEELER
TO SPEAK ON BOSTON
COMMONS

LA FOLLETTE TO SEND A "MESSAGE TO LABOR," IT IS
ANNOUNCED

(By United Press)
Washington, Aug. 20.—Tentative arrangements for the opening of independent speaking Labor Day were announced today at LaFollette headquarters here.

Senator Burton K. Wheeler, vice-presidential nominee, expects to address a mass meeting on Boston Commons, while LaFollette himself will send a "message to labor."

Under this new arrangement LaFollette would not make his first speech until the middle of September at Madison Square Garden or a baseball park in New York.

WELL KNOWN FURNITURE MAN DIED IN ST. PAUL

(By United Press)
St. Paul, Aug. 20.—Ralph M. Cardozo, 65, president of R. M. Cardozo & Brothers, Inc., furniture dealers, died at Miller hospital at 2 a. m. today.

Heart disease was the cause of death.

Cardozo was survived by his wife, two sons, three sisters and four brothers. At one time Cardozo lived at La Crosse, Wis.

Youth Ends Fifteen-Day Hunger Strike in Jail

Indianapolis, Aug. 20.—Earl Davis, Columbus, O., youth, held here on a forgery charge, partook of the prison fare at the Marion county jail today with a lusty appetite.

Davis ended a 15-day hunger strike yesterday, when Sheriff Snyder assured him he would be given a fair trial.

41 KILLED AND 8,000 HOMELESS, TURKISTAN QUAKE

(By United Press)
London, Aug. 20.—Forty-one persons were killed and 8,000 made homeless in an earthquake in the province of Semirechensk, Soviet Turkestan, according to the Allahabad correspondent of the Evening News. It is reported that over 4,000 homes were destroyed by the tremors.

DEMOCRATS, LA FOLLETTE, OPENING DRIVE

AIM TO OVERTHROW REPUBLICAN
MAJORITY IN CONGRESS

SLENDER MARGIN BETWEEN
REPUBLICANS AND DEMOCRATS
IN BOTH HOUSES

Washington, Aug. 20.—Democratic and LaFollette leaders opened today an extensive drive to overthrow the republican majority in congress.

The unforeseen changes in Rhode Island and North Dakota legislative delegations have opened the way for a combined effort to defeat President Coolidge should the presidential election be thrown into the House of Representatives. Because of the slender margin between republicans and democrats in both houses the movement is considered of the highest significance if they determine who shall sit in the White House next term. Just as the death of Senator Colt, Rhode Island, put in jeopardy the narrow republican majority in the senate comes the resignation of Representative Young, North Dakota republican, whose action may permit Senator LaFollette, the independent, to gain control of the North Dakota state delegation.

The republican control in the senate was never able to function successfully during the last session of congress because of the balance of power held by the LaFollette groups, which usually sided with the democrats.

With the two farmer-labor votes the democrats on paper have 45 votes with the republicans 51. In the house the republicans have 24 state delegations, one short of a majority. Wisconsin, of course, is counted against them, and if the North Dakota delegation swung against them it would reduce the republicans to three short of a tie. Young of North Dakota resigned to accept a judicial appointment, and now, in the scramble over his successor, the LaFollette groups will fight for George N. Nye, independent, whose election would give the state delegation to LaFollette.

YOUTH WHOSE WIFE GAVE CHILD AWAY ESCAPES CELL TERM

St. Paul, Aug. 20.—Prosper De Lisle, 22, formerly of Somerset, Wis., whose 3-week-old infant was given away by his child wife to a strange woman March 29, was given another chance by District Judge G. M. Orr.

Recently De Lisle was arraigned on a charge of burglary, but the charge was changed to one of receiving stolen property.

De Lisle explaining that his brother and another man had brought a bundle of clothing to his room and left it there without his knowledge that the things were stolen.

Judge Orr sentenced him to St. Cloud, but granted a stay for further investigation.

While the investigation was being made Mrs. Lillian Whitmore, juvenile court referee, discovered that De Lisle and his young wife had given away their child. The child was located and placed in charge of the Bureau of Catholic Charities.

Late yesterday Judge Orr suspended sentence on De Lisle for five years and placed him on probation.

AMERICAN WHEAT RECORDS A
SYMPATHETIC
JUMP

(By United Press)
Washington, Aug. 20.—The wheat crop of ten European countries is 16 per cent under that of last year, according to forecasts announced by the Department of Agriculture today in predicting further reduction of the world's supply. Recent news of reduction has caused prices of American wheat to jump and the present announcement of the department was considered an indication that the European market might be opened for the American surplus.

England and Wales are 4,000,000 bushels under last year, Hungary 14,000,000 short, and Poland's reduction is estimated at 7,000,000.

At the same time the department announced that the Indian wheat crop is higher than expected and "somewhat more than 20,000,000 bushels surplus will be available for export."

GERMANY IS CONFIDENT OF RATIFYING PACT

(By United Press)
Berlin, Aug. 20.—Government circles are confident today of obtaining the necessary two-thirds majority for ratification of the pact of London. Should the nationalists adopt an over-mild attitude towards the Dawes-Young plan they will lose many adherents and should they be over-anxious they will suffer numerous defeats in the general election.

Various political leaders today are meeting to determine what attitude to assume at the Friday meeting. The committee on foreign affairs is studying over the report of the German conferees. The Reichstag must determine shortly whether there is a two-thirds majority available for the Dawes legislation, as the London agreement must be signed by August 30. Consequently Germany is expecting the Reich's decision early next week.

CATTLE KILLED DURING STORM

Five head of cattle on the farm of Jos. LaFond southeast of this city were killed by lightning during the severe electrical storm which visited this section of the state Monday afternoon. During the same storm two cows belonging to Clarence Taylor of west Darling were killed by lightning. The animals were standing under an oak tree which was struck.

Considerable damage was done to the electric lines near the Black Granite company's sheds in the city during the storm which caused the current to be shut off for a short time in certain parts of the city.

Rain fell heavily again during the night and was accompanied by another electrical storm but no particular damage from it has been reported.—Little Falls Daily Transcript.

FOUR BANDITS ATTACK STATE BANK OF COSMOS

THE TOWN IS LOCATED 22 MILES FROM LITCHFIELD

SAFE PARTLY WRECKED, BUT NOTHING OF VALUE WAS STOLEN

(By United Press)
Litchfield, Minn., Aug. 20.—Four bandits at 1 a. m. today entered the basement window of the First State Bank of Cosmos, 22 miles from here, and partly wrecked the safe without obtaining anything of value.

The safe is of the two-door type, and only the lower compartment was blown open. This part of the vault contained bank records and other papers of no value. The upper compartment was filled with a large amount of currency. The creamery payroll of \$5,000 in cash was stored in this section.

A garage man across the street from the bank saw a touring car drive up and three men entered the basement window. A fourth was believed to be watching in the car.

Rushing out, the garage keeper opened fire on the bandits but was forced to retreat as a hail of bullets whistled about his ears. Eight bullet holes were found in the garage wall this morning.

The cashier of the bank, living next door to the building, came to the porch of his home but two bullets which entered the building hurriedly drove him inside.

The robbers had cut all wires to the town and it was not until several hours later that Sheriff Bernard Anderson of Meeker county was notified at Litchfield of the attempted robbery. He immediately ordered all roads leading to Cosmos guarded, but owing to the heavy fog which covered this section of the state last night and early this morning it is believed the bandits made good their escape.

Sheriff Anderson believes they fled for Minneapolis.

Cosmos is on the Luce line railroad about 18 miles from Hutchinson.

(By United Press)
Washington, Aug. 20.—Tentative arrangements for the opening of independent speaking Labor Day were announced today at LaFollette headquarters here.

Senator Burton K. Wheeler, vice-presidential nominee, expects to address a mass meeting on Boston Commons, while LaFollette himself will send a "message to labor."

Under this new arrangement LaFollette would not make his first speech until in the middle of September at Madison Square Garden or a baseball park in New York.

WELL KNOWN FURNITURE MAN DIED IN ST. PAUL

(By United Press)
St. Paul, Aug. 20.—Ralph M. Cardozo, 65, president of R. M. Cardozo & Brothers, Inc., furniture dealers, died at Miller hospital at 2 a. m. today.

Heart disease was the cause of death.

Cardozo is survived by his wife, two sons, three sisters and four brothers. At one time Cardozo lived at La Crosse, Wis.

Youth Ends Fifteen-Day Hunger Strike in Jail

Indianapolis, Aug. 20.—Earl Davis, Columbus, O., youth, held here on a forgery charge, partook of the prison fare at the Marion county jail today with a lusty appetite.

Davis ended a 15-day hunger strike yesterday, when Sheriff Snyder assured him he would be given a fair trial.

41 KILLED AND 8,000 HOMELESS, TURKISTAN QUAKE

(By United Press)
London, Aug. 20.—Forty-one persons were killed and 8,000 made homeless in an earthquake in the province of Semirychensk, Soviet Turkistan, according to the Allahabad correspondent of the Evening News. It is reported that over 4,000 homes were destroyed by the tremors.

DEMOCRATS, LA FOLLETTE, OPENING DRIVE

AIM TO OVERTHROW REPUBLICAN MAJORITY IN CONGRESS

SLENDER MARGIN BETWEEN REPUBLICANS AND DEMOCRATS IN BOTH HOUSES

Washington, Aug. 20.—Democratic and LaFollette leaders opened today an extensive drive to overthrow the republican majority in congress.

The unforeseen changes in Rhode Island and North Dakota legislative delegations have opened the way for a combined effort to defeat President Coolidge should the presidential election be thrown into the House of Representatives. Because of the slender margin between republicans and democrats in both houses the movement is considered of the highest significance if they determine who shall sit in the White House next term. Just as the death of Senator Colt, Rhode Island, put in jeopardy the narrow republican majority in the senate comes the resignation of Representative Young, North Dakota republican, whose action may permit Senator LaFollette, the independent, to gain control of the North Dakota state delegation.

The republican control in the senate was never able to function successfully during the last session of congress because of the balance of power held by the LaFollette groups, which usually sided with the democrats.

With the two farmer-labor votes the democrats on paper have 45 votes with the republicans 51. In the house the republicans have 24 state delegations, one short of a majority. Wisconsin, of course, is counted against them, and if the North Dakota delegation swung against them it would reduce the republicans to three short of a tie. Young of North Dakota resigned to accept a judicial appointment, and now, in the scramble over his successor, the LaFollette groups will fight for George N. Nye, independent, whose election would give the state delegation to LaFollette.

YOUTH WHOSE WIFE GAVE CHILD AWAY ESCAPES CELL TERM

St. Paul, Aug. 20.—Prosper De Lisle, 22, formerly of Somerset, Wis., whose 3-week-old infant was given away by his child wife to a strange woman March 29, was given another chance by District Judge G. M. Orr.

Recently De Lisle was arraigned on a charge of burglary, but the charge was changed to one of receiving stolen property.

De Lisle explaining that his brother and another man had brought a bundle of clothing to his room and left it there without his knowledge that the things were stolen.

Judge Orr sentenced him to St. Cloud, but granted a stay for further investigation.

While the investigation was being made Mrs. Lillian Whitmore, juvenile court referee, discovered that De Lisle and his young wife had given away their child. The child was located and placed in charge of the Bureau of Catholic Charities.

Late yesterday Judge Orr suspended sentence on De Lisle for five years and placed him on probation.

FORECASTS ARE MADE BY THE U. S. GOVERNMENT

FURTHER REDUCTION OF THE WORLD'S SUPPLY LOOMS UP

AMERICAN WHEAT RECORDS A SYMPATHETIC JUMP

(By United Press)
Washington, Aug. 20.—The wheat crop of ten European countries is 16 per cent under that of last year, according to forecasts announced by the Department of Agriculture today in predicting further reduction of the world's supply. Recent news of reduction has caused prices of American wheat to jump and the present announcement of the department was considered an indication that the European market might be opened for the American surplus.

England and Wales are 4,000,000 bushels under last year, Hungary 14,000,000 short, and Poland's reduction is estimated at 7,000,000.

At the same time the department announced that the Indian wheat crop is higher than expected and "somewhat more than 20,000,000 bushels surplus will be available for export."

GERMANY IS CONFIDENT OF RATIFYING PACT

(By United Press)
Berlin, Aug. 20.—Government circles are confident today of obtaining the necessary two-thirds majority for ratification of the pact of London. Should the nationalists adopt an over-mild attitude towards the Dawes-Young plan they will lose many adherents and should they be over-antagonistic they will suffer numerous defeats in the general election.

Various political leaders today are meeting to determine what attitude to assume at the Friday meeting. The committee on foreign affairs is studying over the report of the German conferees. The Reichstag must determine shortly whether there is a two-thirds majority available for the Dawes legislation, as the London agreement must be signed by August 30. Consequently Germany is expecting the Reich's decision early next week.

CATTLE KILLED DURING STORM

Five head of cattle on the farm of Jos. LaFond southeast of this city were killed by lightning during the severe electrical storm which visited this section of the state Monday afternoon. During the same storm two cows belonging to Clarence Taylor of west Darling were killed by lightning. The animals were standing under an oak tree which was struck.

Considerable damage was done to the electric lines near the Black Granite company's sheds in the city during the storm which caused the current to be shut off for a short time in certain parts of the city.

Rain fell heavily again during the night and was accompanied by another electrical storm but no particular damage from it has been reported.—Little Falls Daily Transcript.

Rotary Club Chiefs Will Meet at Cloquet Sept. 4

St. Paul, Aug. 20.—Ninth district Rotary club executives will hold their annual conference at Cloquet, Minn., Sept. 4 and 5.

The dates for the conference were announced by Edward F. Flynn, St. Paul, governor of the district. There are 35 clubs in this district.

NEWSPAPER REPORTER WHO SAYS K K K BEAT HIM, BRANDED HIS ARM

Lucien San Souci, reporter for a Providence, R. I., newspaper, declares he was kidnapped and branded on the arm by members of the Ku Klux Klan during a Klan meeting near Woonsocket, R. I. San Souci says he overheard a conversation regarding the meeting and, anxious to get a good story for his paper, hurried to the scene. He declares he was seized by about twenty hooded men, beaten and then branded.

Prince of Wales Loses 100,000 Francs in Gambling in France

Deauville, France, Aug. 20.—Fortune turned its back upon the Prince of Wales here Sunday and he is more than 100,000 francs poorer as a result of play at the races and baccarat tables, it was learned today.

Jules Mastbon of Philadelphia is said to have prospered through the prince's heavy losses at the gaming table.

In the afternoon the prince was among the early attendants at the racing course and plastered a bet on each race. None of his selections showed at the finish tape.

Shortly after 5:30 p. m. the prince strolled into the gaming room. Dressed in a gray suit somewhat the worse for travel, he placed an initial bet of 10,000 francs. He lost. He took the loss good-naturedly.

He started playing steadily. At one time he was said to be almost 100,000 francs ahead of the game, but his luck skidded and he started losing, while Mastbon's winnings began to take size. The play continued well into the morning and just as dawn was breaking the prince discovered his franc notes were running short and quit the game. He was whisked away to Le Touquet.

INTOXICATED DRIVER FORBIDDEN USE OF CAR FOR 90 DAYS

Driving a car while intoxicated may prove a costly pastime in Beltrami county if Judge J. F. Gibbons continues his policy of punishment. Ole Haugens, Frank Girjets and Fred Niebling, arrested Sunday when they collided with a Willys-Knight car driven by M. Barr of Mayfield, N. D., were arraigned in justice court. Girjets and Niebling, who were passengers in the car, admitted being drunk and were given fines of \$25 or 30 days in the county jail.

Haugen, who was driving the car and who sustained a sprained ankle in the accident, was given a straight jail sentence of thirty days and forbidden the use of his car for ninety days.—Demidji Pioneer.

Lucien San Souci, reporter for a Providence, R. I., newspaper, declares he was kidnapped and branded on the arm by members of the Ku Klux Klan during a Klan meeting near Woonsocket, R. I. San Souci says he overheard a conversation regarding the meeting and, anxious to get a good story for his paper, hurried to the scene. He declares he was seized by about twenty hooded men, beaten and then branded.

Prince of Wales Loses 100,000 Francs in Gambling in France

Deauville, France, Aug. 20.—Fortune turned its back upon the Prince of Wales here Sunday and he is more than 100,000 francs poorer as a result of play at the races and baccarat tables, it was learned today.

Jules Maston of Philadelphia is said to have prospered through the prince's heavy losses at the gaming table.

In the afternoon the prince was among the early attendants at the racing course and plastered a bet on each race. None of his selections showed at the finish tape.

Shortly after 5:30 p. m. the prince strolled into the gaming room. Dressed in a gray suit somewhat the worse for travel, he placed an initial bet of 10,000 francs. He lost. He took the loss good-naturedly.

He started playing steadily. At one time he was said to be almost 100,000 francs ahead of the game, but his luck skidded and he started losing, while Maston's winnings began to take size. The play continued well into the morning and just as dawn was breaking the prince discovered his franc notes were running short and quit the game. He was whisked away to Le Touquet.

INTOXICATED DRIVER FORBIDDEN USE OF CAR FOR 90 DAYS

Driving a car while intoxicated may prove a costly pastime in Beltrami county if Judge J. F. Gibbons continues his policy of punishment. Ole Haugens, Frank Girjets and Fred Niebling, arrested Sunday when they collided with a Willys-Knight car driven by M. Barr of Mayfield, N. D., were arraigned in justice court. Girjets and Niebling, who were passengers in the car, admitted being drunk and were given fines of \$25 or 30 days in the county jail.

Haugen, who was driving the car and who sustained a sprained ankle in the accident, was given a straight jail sentence of thirty days and forbidden the use of his car for ninety days.—Bemidji Pioneer.

Shelter for Travelers

A "dak bungalow" (rarely a house) is a shelter for the accommodation of travelers at a station on a dak route. The Anglo-Indian word "dak" or "dawk" means "a post or transport by relays of men or horses for carrying mails, etc., or passengers in palanquins."

METHODIST CHURCH BUSINESS SESSION

Quarterly Conference Held Last Night After Dinner Served to Church Members

ANNUAL REPORTS ARE READ

Resolution Adopted Commending the Leadership of Rev. E. A. Cooke

The fourth quarterly conference of the First Methodist church, which corresponds to an annual business meeting, was held at the church last night after a dinner served to church members. Reports of the year's work were read and revealed the fact that the church had accomplished the best work it has done in a score of years.

Congregations have been larger, the church school attendance reached the highest in its history, the ladies aid had a remarkable year in social and financial work, the missionary societies had excellent reports and the work in general showed marked progress.

A resolution was introduced commending the leadership of Rev. E. A. Cooke and expressing the hope that the Annual Conference may deem it wise to return Rev. Cooke to Brainerd for another year's work and thus continue the pleasant relationship and progress of the church. The outlook for another year's work promises to eclipse the record of this year.

Rev. Cooke will go to the annual conference about October first. This year's close marks the closing of his sixth year of service in Brainerd.

The meeting held last night was presided over by Rev. A. H. McKee, district superintendent of the Duluth district of the conference.

MAIN STREET BOYS CLUB

Will Present Benefit Film, Viola Dana in "Don't Doubt Your Husband"

The "Main Street Boys Club" of this city will stage a benefit film, Viola Dana in "Don't Doubt Your Husband," at the New Park theatre on Thursday and Friday, matinee and night. In the picture Viola Dana gives the rules for true marital bliss.

Even motion picture stars are not immune to environment. Viola Dana, the vivacious little Metro star, proves the truth of this statement.

Now that she's been the heroine of her latest comedy, "Don't Doubt Your Husband," she's ready to hand out advice to suspicious wives with gusto. She's almost as caustic in her advice as the author of "Sayings of Mrs. Solomon," and has compiled a list of rather snappy sayings apropos of doubting wives and doubted husbands that is worthy of quoting:

"All quarrels can be avoided if your husband will do just as you say."

"Jealousy and doubt don't get you anywhere—but they keep you going."

"What you can't hear hubby say, or see him do—you can imagine!"

"It's queer men don't become doctors—they've such a good excuse to get out at night."

"A man would never have time for anything else if he lived up to a jealous wife's idea of him."

"Never apologize to the woman who's trying to break up your home—your husband will do it for you."

But Miss Dana, in her friendly, girlish manner can be equally as serious as she is flippant about the subject of matrimony.

"A suspicious woman will always find something to be worrying about, and to be jealous of. Women who trust their husbands usually instill in them a feeling of self-respect which they do not care to lose. Many men are so harassed by suspicious wives that they are driven to many things they themselves would never have thought of—until their wives put the idea into their heads. Mutual trust and kindness are the only sure means of avoiding unhappiness in married life, and I think that if nothing else will convince a suspicious wife, this picture will. Of course, one naturally thinks about things of this nature, but it's actually living the part that makes you realize how serious a drawback to happiness suspicion can be."

Coal Has Bright Flame

Cannel coal burns with a bright, candle-like flame, and it is probable that the name is a corruption of candle-coal. The same kind of coal is found in Scotland, where it is called parrot coal.

Printed Crepe Is Fashion in Paris

Bright Colors Feature of Interesting Dress Materials Now Worn.

Printed crepes of every type imaginable are being worn in Paris. A simple crepe de chine frock set forth in several shades of green and gray on a darker green ground is popular for summer wear. The whole garment is very plain and semi-tailored, a one-piece frock with a narrow belt of leather. The bodice opens at the front to form a shallow, tailored collar turning back from the V-shaped décolletage. Ball buttons in antique silver give a touch of elegance to the modest little garment. The clasp on the leather belt is likewise of wrought silver to match. The band trimming on the bodice, sleeves and skirt is of plain green crepe. A scarf of similar crepe in one tone may be worn with the frock.

conception. It is of black crepe de chine, bordered with white organdie and most cleverly draped at the front of the skirt. The whole frock is cut on the bias and the vast amount of fullness which forms the drape at the front is gathered beneath a kid belt of hunter's green embossed with gold.

Hose and Shoes Must Be Smart to Match Skirts

Skirts are shorter than ever in Paris, according to a fashion authority recently returned, and woe to the woman who does not give careful consideration to her feet and ankles, for they cannot be camouflaged.

"There never was a time when shoes and hosiery were so important as they are now," the same authority declared. "Long ago, when our grandmothers wore white and pale-colored hose, their skirts were long. When the short skirts first came into vogue the hose were black or a dark brown to match the shoes. Now the skirts are at least ten inches from the ground and the stockings are in shades of beige or nude or gray. They are very smart, but very conspicuous."

"The new full-fashioned silk and fiber hose are very satisfactory for summer dresses. They fit the ankles and are shimmery and pretty. Care must be taken to wear the right kind of shoes with each gown. The trim-tailored shoes a woman wears with her serge frock are impossible with her patent leather or satin or thin kid shoes with high heels."

"It is careful attention to these details that makes a woman look smart, and it is much more important to have one's clothes smart than becoming. It is not always possible to be both, and the wise woman chooses to be smart."

Imitation Jewelry Is Attractive in Her Hair

The fad for imitation jewelry is reflected in the beautiful ornaments for the hair. In girdles and motifs designed to be worn with the latest models in evening dress in the coming months. They are made of net, studded closely with rhinestones, pearls or colored stones. Some of the bandeaux are so wide as almost to cover the hair; they are brilliantly jeweled, matching sparkling eyes, and are artistic, after an oriental type.

Girdles, ornaments, long-fringed tassels and motifs for applique are all of this kind and are much worn. The latest combs are lovely. The antique combs of the Spanish shape that had such a vogue during the winter, ivory and shell especially, are less seen now than the smaller shapes set with stones.

The rhinestone combs are far the most popular, and the low wide sort is quite the newest. These combs have an appeal for women who still have their tresses attached. For the one with bobbed locks there are the prettiest flatterer slender clips, as well as the wide swathing bandeaux.

SHERLUND CO. NEW CONTRACTS

Continues Building Up Increasing Trade in Popular Chevrolet Automobiles

WALL STREET JOURNAL STORY

Declares Restricted Output of Past 3 Months Now Over, Increased Production to Follow

The Sherlund Company, local dealers for the Chevrolet Motor Co., announces that it has signed its new contracts for the handling of the popular priced Chevrolet automobile.

The Wall Street Journal, in its August 14th edition, has the following to say of the Chevrolet Motor Company's condition:

"Chevrolet Motor Co.'s stocks of cars in dealers' hands are down to normal and officials are of the opinion that the corner has been turned so that the restricted output of the past three months can be increased."

"Retail sales in July were 25,996 against production of 14,000 units. With this evident reduction in stocks of approximately 12,000 cars the total number of units in dealers' hands as of August 1st averaged ten per dealer. This compares with 15 per dealer for Ford and about five per dealer for Dodge."

"All of the Chevrolet branch assembling plants are again in operation having resumed during the past week. A revised production schedule of 20,000 cars for August has been adopted compared with 14,000 in July."

"No other maker holds patents on the Chevrolet engine. Chevrolet dealer mortality, contrary to Detroit gossip, has been practically nil according to high officials. There will be no change in models. Recent changes in field organization have served to strengthen the marketing machinery by reason of the succession of well trained lieutenants to the positions vacated, officials say."

"The stock of cars in the field has been shifted so that there are now no abnormal accumulation of cars. Officials of the company are genuinely optimistic and while they do not expect any sensational results this fall, they declare their condition is now perfectly healthy and are confident of a growing volume between now and spring."

The Sherlund Company has enjoyed an excellent business this season, and feels that Chevrolet sales will be even better next season.

Ahlgrim-Taylor

A very pretty wedding occurred on Tuesday evening, August 19th, at the home of Mr. and Mrs. Thomas Taylor, Fifth avenue, Northeast, when their daughter Miss Nellie Taylor was united in marriage to Roy Frederick Ahlgrim, of this city.

The pleasing ceremony was performed in the presence of only relatives and near friends, about twenty-five being present. The vows were exchanged under a bower of evergreens and flowers, Rev. Arthur Cartwright, of Hill City, uncle of the bride, officiating, using the Methodist ring service.

The bride approached the altar on the arm of her father. She was beautifully attired in a gown of ivory white georgette crepe, trimmed with white satin and pearls, with a head dress of pearls and blue rosettes, and carried a beautiful bouquet of sweet peas and baby breath.

The young couple was attended by Miss Eva McCarthy as bridesmaid and Fremont Strout as best man. Miss McCarthy was attired in an accordion plaited dress, trimmed with pastel colored silks and wore a corsage bouquet of sweet peas and baby breath.

After the ceremony a very delicious lunch was served by the brides mother, being assisted by Mrs. William Cartwright of Brainerd and Mrs. Arthur Cartwright of Hill City.

The newlyweds are well and favorably known in Brainerd. The groom is employed in the pip-fitting department of the local Northern Pacific shops. They will make their home at present with the bride's parents, 320 Fifth avenue, Northeast, where they will be at home to their many friends. They were the recipients of many useful and beautiful gifts.

Obelisks Misnamed

The name "Cleopatra's Needles" is improperly given to two famous obelisks erected by Thothmes III, at On (Heliopolis) about 1500 B. C., and brought to Alexandria by Augustus about 23 B. C., to add to the beauty of the city. One of these granite monoliths now stands on the Victoria embankment in London, while the other is in Central park, New York.

LONG DISTANCE BUS DRIVER IS WHEEL EXPERT

(Duluth News Tribune.)

If the average motorist exercised as great care and knew his car and the traffic laws as well as does the long-distance bus driver, there would not be nearly as many accidents, is the contention of bus officials here.

One motor bus line running to the Twin Cities, Ely, Cloquet, Brainerd, Port Arthur and Two Harbors employs 39 drivers, who make regular daily runs on their various lines.

These drivers are all Duluth men, and many of them are married, drawing excellent wages, a bus official in Duluth said yesterday. They have all had several years of experience as drivers, with successful records behind them.

Good Drivers

"We select only men who we know are good drivers," a bus official said. "Their record is investigated, and in most cases we know the driver personally, and know what he can do and how long he has been driving."

"There is none of this business of picking up any sort of a man from the streets, giving him a rule book to read, and then putting him in charge of a bus. Instead, we make sure first that we get capable drivers, and then provide them with a perfect motor and a schedule so arranged that it can be kept without running hazards."

Handles a Heavier Car

"A bus driver must be a better driver, in a way, than the light car chauffeur. He is handling a larger, heavier vehicle, one that is more cumbersome, and difficult to turn. Yet, the bus is provided with secure brakes and powerful motor, so that in the hands of experienced drivers it is as safe a vehicle as any other."

The average motorist, it was pointed out, usually sticks to the center of the road. The bus driver, approaching either from behind or meeting the car, gives a warning signal before passing. Often the motorist, seeing the huge bus bearing down upon him, gets the idea that its driver does not care what he is doing. "The fact of the matter is, the bus driver is constantly aware of the relative positions of the two cars, and while he is driving the large car, he takes no more than his half of the road," the speaker said.

Co-Operate With Motorist

"Bus drivers are always willing to co-operate with the motorist," H. A. Spearin, in charge of drivers of the White Bus lines, said yesterday. "The average motorist is in no greater danger when passing or being passed by a bus, than by an average car. The drivers will give him his full share of the road."

"Our drivers are held personally liable for infringements of traffic rules, and are constantly urged to remember the other fellow. While they skim close to another car in passing seemingly, they know their margin of safety, and do not exceed it. If the regular motorist would be as sure of himself at all times as bus drivers, accidents on highways would be greatly lessened."

How to Flavor Coffee

There is a best way of doing everything—even of putting sugar and cream in your coffee. In fact, to put sugar and cream in your coffee is quite wrong, according to Popular Science Monthly. The really correct procedure is to put cream in the cup, then the coffee and add the sugar last of all. This will prevent the cream from "feathering" should it be slightly sour. Coffee poured on cream and sugar in a cup is almost certain to result in the cream's curdling.

With this evident reduction in stocks of approximately 12,000 cars the total number of units in dealers' hands as of August 1st averaged ten per dealer. This compares with 15 per dealer for Ford and about five per dealer for Dodge."

"All of the Chevrolet branch assembling plants are again in operation having resumed during the past week. A revised production schedule of 20,000 cars for August has been adopted compared with 14,000 in July."

"No other maker holds patents on the Chevrolet engine. Chevrolet dealer mortality, contrary to Detroit gossip, has been practically nil according to high officials. There will be no change in models. Recent changes in field organization have served to strengthen the marketing machinery by reason of the succession of well trained lieutenants to the positions vacated, officials say."

"The stock of cars in the field has been shifted so that there are now no abnormal accumulation of cars. Officials of the company are genuinely optimistic and while they do not expect any sensational results this fall, they declare their condition is now perfectly healthy and are confident of a growing volume between now and spring."

The Sherlund Company has enjoyed an excellent business this season, and feels that Chevrolet sales will be even better next season.

Ahlgrim-Taylor

A very pretty wedding occurred on Tuesday evening, August 19th, at the home of Mr. and Mrs. Thomas Taylor, Fifth avenue, Northeast, when their daughter Miss Nellie Taylor was united in marriage to Roy Frederick Ahlgrim, of this city.

The pleasing ceremony was performed in the presence of only relatives and near friends, about twenty-five being present. The vows were exchanged under a bower of evergreens and flowers, Rev. Arthur Cartwright, of Hill City, uncle of the bride, officiating, using the Methodist ring service.

The bride approached the altar on the arm of her father. She was beautifully attired in a gown of ivory white georgette crepe, trimmed with white satin and pearls, with a head dress of pearls and blue rosettes, and carried a beautiful bouquet of sweet peas and baby breath.

The young couple was attended by Miss Eva McCarthy as bridesmaid and Fremont Strout as best man. Miss McCarthy was attired in an accordion plaited dress, trimmed with pastel colored silks and wore a corsage bouquet of sweet peas and baby breath.

After the ceremony a very delicious lunch was served by the brides mother, being assisted by Mrs. William Cartwright of Brainerd and Mrs. Arthur Cartwright of Hill City. The newlyweds are well and favorably known in Brainerd. The groom is employed in the pip-fitting department of the local Northern Pacific shops. They will make their home at present with the bride's parents, 320 Fifth avenue, Northeast, where they will be at home to their many friends. They were the recipients of many useful and beautiful gifts.

Obelisks Misnamed

The name "Cleopatra's Needles" is improperly given to two famous obelisks erected by Thothmes III, at On (Heliopolis) about 1500 B. C., and brought to Alexandria by Augustus about 22 B. C., to add to the beauty of the city. One of these granite monoliths now stands on the Victoria embankment in London, while the other is in Central park, New York.

LOST AND FOUND—CALL 74

LONG DISTANCE BUS DRIVER IS WHEEL EXPERT

(Duluth News Tribune.)

If the average motorist exercised as great care and knew his car and the traffic laws as well as does the long-distance bus driver, there would not be nearly as many accidents, is the contention of bus officials here.

One motor bus line running to the Twin Cities, Ely, Cloquet, Brainerd, Port Arthur and Two Harbors employs 39 drivers, who make regular daily runs on their various lines.

These drivers are all Duluth men, and many of them are married, drawing excellent wages, a bus official in Duluth said yesterday. They have all had several years of experience as drivers, with successful records behind them.

Good Drivers

"We select only men who we know are good drivers," a bus official said. "Their record is investigated, and in most cases we know the driver personally, and know what he can do and how long he has been driving."

"There is none of this business of picking up any sort of a man from the streets, giving him a rule book to read, and then putting him in charge of a bus. Instead, we make sure first that we get capable drivers, and then provide them with a perfect motor and a schedule so arranged that it can be kept without running hazards."

Handles a Heavier Car

"A bus driver must be a better driver, in a way, than the light car chauffeur. He is handling a larger, heavier vehicle, one that is more cumbersome, and difficult to turn. Yet, the bus is provided with secure brakes and powerful motor, so that in the hands of experienced drivers it is as safe a vehicle as any other."

The average motorist, it was pointed out, usually sticks to the center of the road. The bus driver, approaching either from behind or meeting the car, gives a warning signal before passing. Often the motorist, seeing the huge bus bearing down upon him, gets the idea that its driver does not care what he is doing. "The fact of the matter is, the bus driver is constantly aware of the relative positions of the two cars, and while he is driving the large car, he takes no more than his half of the road," the speaker said.

Co-Operate With Motorist

"Bus drivers are always willing to co-operate with the motorist," H. A. Spearin, in charge of drivers of the White Bus lines, said yesterday. "The average motorist is in no greater danger when passing or being passed by a bus, than by an average car. The drivers will give him his full share of the road."

"Our drivers are held personally liable for infringements of traffic rules, and are constantly urged to remember the other fellow. While they skim close to another car in passing seemingly, they know their margin of safety, and do not exceed it. If the regular motorist would be as sure of himself at all times as are bus drivers, accidents on highways would be greatly lessened."

How to Flavor Coffee

There is a best way of doing everything—even of putting sugar and cream in your coffee. In fact, to put sugar and cream in your coffee is quite wrong, according to Popular Science Monthly. The really correct procedure is to put cream in the cup, then the coffee and add the sugar last of all. This will prevent the cream from "feathering" should it be slightly sour. Coffee poured on cream and sugar in a cup is almost certain to result in the cream's curdling.

FLOWER SHOW: A COMMENDABLE UNDERTAKING

THE efforts of those who are responsible for the flower show, which begins tomorrow, are most commendable.

In every city there are some features, either natural or cultivated, which make for a contented people. It may be the climate or it may be the efforts of the citizenship crystallized into some outstanding feature. Whatever it may be it reacts upon the moral life of the people.

Nothing under heaven so beautifies a city and makes for more contentment than a well planned city in which flowers and shrubbery are most conspicuous. The atmosphere of flowers improves the moral life and inspires the residents to greater pride in their city, and consequently it becomes a more stable city.

The flower show should have the attendance of as many residents as can possibly attend. The varieties shown should be noted. This will help in planning the garden for another year as these blooms will give an actual demonstration of what will thrive here.

The object of the promoters of the show is to make Brainerd distinctive by the profusion of garden flowers, and your attendance will encourage and assist.

BRAINERD IS PREPARING

IN order to properly entertain Brainerd's two large conventions of next year, the Elks and the Northern Minnesota Medical society, the city is adding blocks of new paving and blocks of new cement walks. It may be necessary to add a few subdivisions also to house the overflow.

Brainerd is already receiving a tremendous lot of advertising because of the conventions secured. Duluth papers accorded Brainerd much mention, all the delegates will report to their respective lodges, the Jolly Elk and other Elk magazines and the national organ of the Benevolent and Protective Order of Elks will carry a report on the Duluth convention and the awarding of the 1925 meeting to Brainerd.

The 10,000 lakes, the gateway through Brainerd, will be referred to wherever Elks congregate. Summer vacations will be mapped out with Brainerd as the objective in 1925. And many will stay after the big show and devote themselves to the wonderful fishing and hunting and motoring which is so glorious in the months of September and October.

Brainerd will be advertised from end to end in the United States, will make enduring friends, and all who are shown our hospitality will bring their friends in succeeding years to our fair city and environment.

NECESSARY OPERATIONS

THERE are some operations which are really necessary, will improve the general health and will add much to the working ability of any man, woman or child, and that is the doing away of adenoids.

Why people so afflicted should persist in carrying such a drawback, no one seems to be aware. It's a serious detriment to perfect speech, it's a handicap to telephone talk, it checks natural breathing and that in turn serves to reduce vitality and general health. If we had our say about health matters, we'd argue for a general health day devoted to extermination of adenoids.

An adenoid, if left to its own devices, and they are busy little growths, will eventually affect hearing and other delicate machinery of the head.

FLIGHT IS IMPEDED

THE trials and tribulations of the Yankee world-flight men are enough to upset their nerves and shake their morale. With the goal in sight, a bleak ice pack persists in blocking the trail and weather conditions are not of the best.

A new base has been sought and the first attempt to hop off was frustrated when the machines sustained broken parts. In spite of it all the aviators have maintained their happy spirit and the light of confidence has never clouded in their eyes.

All opposition which first threatened to make of the flight an air race has long since disintegrated and America continues alone the pioneer trail blazer in an almost completed world flight.

THE rainfall may be too heavy in some sections, but nevertheless, it brings blessings in its train. There will be no forest fires this season, because vegetation is too soaked to ignite or carry fire very far. And the lake level has been raised amazingly.

FIRST it used to be an attorney, summing up his case in a grand, final argument, who was accorded all the attention and honors in a trial. Now it's the alienist who takes the calcium from start to finish.

WITH all this culture of flowers and blooms, one should not forget the two adages, "Say It With Flowers" and "Don't Wait Until a Man is Dead Before You Hand Him a Bouquet."

AN observation of a congressman that a constituent is a man who expects a job will be concurred in by many a brother legislator.

ROGERS BILL
DIPLOMATIC
SERVICE AID

AMERICAN DIPLOMAT HAS OBTAINED HIS MAGNA CHARTA

DECENT WAGE, TENURE OF OFFICE, OPPORTUNITIES FOR ADVANCEMENT

By A. L. BRADFORD
(United Press Staff Correspondent)
Washington, Aug. 20.—The American diplomat has obtained his Magna Charta.

Out of the sensational events in the National Capital incident to the last session of Congress came a piece of legislation—the Rogers bill reorganizing the diplomatic and consular services into the foreign service of the United States—that is fully as important to men in this branch of government work as indicated by the statement above.

If reports reaching Washington can be given credence, the people "out in the country" long have regarded the diplomatic service with a good deal of suspicion. At the mention of the word diplomat, there has been conjured up the picture of a gentleman of Machiavellian countenance, constantly adorned with white spats, who spends his time between inciting foreign wars and sipping tea.

But such a description is exactly what the foreign service of the United States is not and is not supposed to be. If the duties of the members of the American foreign service can be described so generally and briefly they are to protect the lives and interests of American citizens all over the world and to work in the interests of world peace.

What foundation there is for the suspicions of many people regarding the diplomatic service—and the foreign service admits there is some foundation—is almost entirely due to the people of the country themselves, officials here respectfully submit.

As an indication of the state of mind that long existed in the United States regarding this country's foreign service, and still does exist to some extent, there is the fact that the American Congress for some time held up the elevation of the American minister at London to the ranks of ambassador, after Great Britain had so agreed to recognize this nation as one of the first rate powers of the world, on the ground that an ambassador would be an undemocratic institution!

The argument was made that an ambassador would be undemocratic because under the traditions of diplomacy an ambassador always is recognized as the personal representative of the sovereign of his country, while the minister is held to represent his government.

What Hugh Gibson Saw
There is general agreement here with the statement of Hugh Gibson, the American minister of Switzerland, who, in appearing before the House Foreign Affairs Committee, declared that the "diplomatic service is more spat upon than spatied."

The principal faults in the diplomatic service as it has existed heretofore are generally regarded as

the practical necessity for so many rich young men in the service because of the meagerness of the salaries offered, the political "pull" that was exercised to secure advancement etc., and the fact that no material opportunity was offered for betterment within the service, since the "big jobs" as ambassadors and ministers, in years gone by, always have been filled by political appointees.

The majority of the members of the foreign service are the first to desire remedies for these conditions that have brought on the charge that the diplomatic service is a haven of rest for "spatted," snobbish sons of wealthy families. As Gibson, one of the men who has fought his way to the top from the ranks of the diplomatic service, said in his testimony before the House of Foreign Affairs Committee:

Undesirable Get in
"It is not surprising under the circumstances that some undesirables have managed to get in (the diplomatic service); it is really surprising that so few of them have got in and that we have got so much excellent material."

There are three things deemed necessary to correct the evils that have existed heretofore in the foreign service—the diplomatic service specifically is meant in these criticisms of the foreign service, as salaries have been better and conditions more efficient in the consular service under the old separation, despite the fact that the diplomatic service is regarded as a more important branch than the consular service, with which it now goes to make up the reorganized foreign service. These three things are:

- 1—Payment of a living wage.
- 2—Assurance of tenure of office so long as there is good behavior and efficient service.
- 3—Opportunities for real advancement.

These three remedies the Rogers bill affords to a great extent. At least the Rogers law is a magnificent start. The workings of the new law will be described in the next article.

Plant Almost Human

Operating without human control, halting while minor difficulties are adjusted and stopping altogether if something goes seriously wrong, a new electric power station at Searsburg, Vt., embodies astonishing mechanical intelligence, says Popular Science Monthly.

The turbine of the plant drives a generator with a capacity of 6,300 horsepower. The only help from human beings is occasional inspection, lubrication and regulation of the governor mechanism. The turbine starts when sufficient water arrives and shuts down when the flow falls below an efficient limit.

Silly Idea, Don't You Know!

The man in the dock was a regular customer at the local police court and he had spent quite as much time inside jail as out. His particular line was breaking into shops of the smaller tradespeople in the early hours of the morning. On this occasion he was charged with breaking into a jeweler's shop, and as he stood in the dock with a constable on either side the magistrate asked:

"Any witnesses?"
"Course not!" replied the accused with a sneer. "Why, you silly old fool, do you think that when I goes out to crack a crib I takes witnesses with me?"—London TB-Pits.

WAR VETERAN DIED AFTER FALL

WILLIAM LOVELACE, 85, SUSTAINED FRACTURE OF SKULL

(By United Press)
Minneapolis, Aug. 20.—William Lovelace, 85, Civil War veteran and pioneer Minnesota newspaper man, died at Minneapolis General Hospital after a fall last night.

Mr. Lovelace stumbled on the street in Minneapolis, and was taken into the Andrews Hotel. He was rushed to General Hospital, where it was found his skull had been fractured by the fall. He died a short time later.

Mr. Lovelace came to Minnesota in 1861 and a year later enlisted in Company H, Sixth Minnesota Infantry. He served three years and at the end of the war settled in Cottonwood, Minn.

He published a newspaper in Cottonwood for many years and was one of the leaders in newspaper work at the time of his death. He had retired recently from the Marshall News-Messenger.

DAWES ATTACKS LA-FOLLETTE AND BRYAN

(Continued on Page 1)

designed to soften as much as possible the apprehensions as to what the movement really means, an attempt is made to induce those who are patriotic of heart but discontented with existing conditions to join with the Socialists and other diverse elements opposing the existing order of things in a mobilization of extreme radicalism. A man is known by the company he keeps."

Dawes then called attention to the endorsement of La Follette by the Socialist party.

On August 29, Dawes will invade the home territory of Governor Bryan with a speech in Lincoln, Neb. There he will discuss the non-partisan and economic agricultural question, which he said is of such vital importance to the national welfare that he could not discuss it here and give it the full consideration it demands.

Discussing the league of nations, Dawes pointed to the enormous Republican majority in 1920 as a conclusive mandate of the American people against membership. However, he pointed out that:

"The league of nations, however noble may have been its intentions was not approved by the people of the United States because it did not make clear to their minds that it did not encroach upon the sovereignty, and the power and right of independent decision of the United States as to its own duty and action under all circumstances.

"While many men, after study, believed that the league of nations did not encroach upon the sovereignty and right of independent decision by the United States, the fact that there was just doubt as to this stamped the plan as one which could not be accepted by the citizens of the United States."

Dawes made a plea for American membership in the world court, pointing out:

"Even when we join the court, we are not compelled to submit a case to it if we do not wish to do so."

The sovereignty of the United States is fully safeguarded "in the propositions of President Coolidge in connection with the world court," Dawes said.

Dawes lauded President Coolidge and Secretary of State Hughes for their attitude toward the work of the American experts in preparing a basis for settlement of the reparations question. But for this attitude Europe might not "today be facing away from the chaos and hatred of war," he said. "With the experts plan inaugurated, all Europe will turn toward a new era of peaceful life and the United States will be saved from the depths of a great depression which the continued chaos of Europe would entail," Dawes said.

"In the matter of our foreign policy, the two major parties in their platform have made an issue to be decided by the American people," Dawes asserted.

The Democratic party asks the people to turn back with them into the morass of the debate on the league of nations by putting the question to a public referendum, Dawes said, while the Republican party asks the people to abandon the debate and stand on President Coolidge's foreign policy.

Dawes praised the administration's economies in conducting the government, and lauded President Coolidge for signing the income tax reduction measure in the face of much opposition.

RESOLUTION

WHEREAS, In conformity with the Charter of the City of Brainerd, this Council has heretofore levied for the purposes of the Permanent Improvement Fund on the taxable property in the City a tax for the year 1924 to an amount exceeding \$9,000.00, and

WHEREAS, This Council calculates, computes and estimates that the taxes to be levied for said purpose for each of the ten (10) years succeeding 1924 will not be less than \$9,000.00, and

WAR VETERAN DIED AFTER FALL

WILLIAM LOVELACE, 85, SUSTAINED FRACTURE OF SKULL

(By United Press)
Minneapolis, Aug. 20.—William Lovelace, 85, Civil War veteran and pioneer Minnesota newspaper man, died at Minneapolis General Hospital after a fall last night.

Mr. Lovelace stumbled on the street in Minneapolis, and was taken into the Andrews Hotel. He was rushed to General Hospital, where it was found his skull had been fractured by the fall. He died a short time later.

Mr. Lovelace came to Minnesota in 1861 and a year later enlisted in Company H, Sixth Minnesota Infantry. He served three years and at the end of the war settled in Cottonwood, Minn.

He published a newspaper in Cottonwood for many years and was one of the leaders in newspaper work at the time of his death. He had retired recently from the Marshall News-Messenger.

DAWES ATTACKS LA-FOLLETTE AND BRYAN

(Continued on Page 1)

designed to soften as much as possible the apprehensions as to what the movement really means, an attempt is made to induce those who are patriotic of heart but discontented with existing conditions to join with the Socialists and other diverse elements opposing the existing order of things in a mobilization of extreme radicalism. A man is known by the company he keeps."

Dawes then called attention to the endorsement of La Follette by the Socialist party.

On August 29, Dawes will invade the home territory of Governor Bryan with a speech in Lincoln, Neb. There he will discuss the non-partisan and economic agricultural question, which he said is of such vital importance to the national welfare that he could not discuss it here and give it the full consideration it demands.

Discussing the league of nations, Dawes pointed to the enormous Republican majority in 1920 as a conclusive mandate of the American people against membership. However, he pointed out that:

"The league of nations, however noble may have been its intentions was not approved by the people of the United States because it did not make clear to their minds that it did not encroach upon the sovereignty, and the power and right of independent decision of the United States as to its own duty and action under all circumstances.

"While many men, after study, believed that the league of nations did not encroach upon the sovereignty and right of independent decision by the United States, the fact that there was just doubt as to this stamped the plan as one which could not be accepted by the citizens of the United States."

Dawes made a plea for American membership in the world court, pointing out:

"Even when we join the court, we are not compelled to submit a case to it if we do not wish to do so."

The sovereignty of the United States is fully safeguarded "in the propositions of President Coolidge in connection with the world court," Dawes said.

Dawes lauded President Coolidge and Secretary of State Hughes for their attitude toward the work of the American experts in preparing a basis for settlement of the reparations question. But for this attitude Europe might not "today be facing away from the chaos and hatred of war," he said. "With the experts plan inaugurated, all Europe will turn toward a new era of peaceful life and the United States will be saved from the depths of a great depression which the continued chaos of Europe would entail," Dawes said.

"In the matter of our foreign policy, the two major parties in their platform have made an issue to be decided by the American people," Dawes asserted.

The Democratic party asks the people to turn back with them into the morass of the debate on the league of nations by putting the question to a public referendum, Dawes said, while the Republican party asks the people to abandon the debate and stand on President Coolidge's foreign policy.

Dawes praised the administration's economies in conducting the government, and lauded President Coolidge for signing the income tax reduction measure in the face of much opposition.

RESOLUTION

WHEREAS, In conformity with the Charter of the City of Brainerd, this Council has heretofore levied for the purpose of the Permanent Improvement Fund on the taxable property in the City, a tax for the year 1924 to an amount exceeding \$3,000.00, and

ORDINANCE NO. 318

AN ORDINANCE SPECIFYING CERTAIN KINDS OF BUSINESS CONDUCTED IN THE CITY OF BRAINERD AS TRANSIENT MERCHANT BUSINESS AND FIXING LICENSE THEREFOR AND SHOWING THE SAME, AND A PENALTY FOR THE VIOLATION THEREOF.

WHEREAS, The City Council of the City of Brainerd do ordain:

Section 1. Unlawful to Peddle Without a License: It shall be unlawful for any transient merchant, hawker, or peddler to vend, sell or dispose of, or to offer to vend, sell or dispose of any goods, wares, merchandise, produce or vegetables about the streets, avenues, alleys or at any place whatsoever within the City of Brainerd without first having obtained a license from the said City for that purpose and having paid the license fee therefor as hereinafter provided and prescribed.

Section 2. Application and Fee: Any person, desiring to engage in the business of selling and disposing of goods, wares, merchandise, produce or vegetables as aforesaid shall obtain an application blank from the City Clerk upon the payment of one (\$1.00) dollar. He will fill out this application blank, stating the place where business is to be carried on, the length of time for which a license is desired, a general description of the thing intended to be sold and disposed of, the name or names of the articles, and the place of residence of the applicant, the place or places of residence of the applicant for the 5 years just previous, and whether or not he has ever been convicted of a felony or gross misdemeanor. No application for such license shall be granted until such application has been approved by the Mayor. When the applicant shall present his approved application to the City Clerk and shall pay said City moneys as hereinafter provided, the clerk shall issue to the said person a license for the period for which such payment is made.

Section 3. License: No license shall be issued to peddle meat or poultry, nor to peddle dry goods, cloth, clothing, furs, wools, apparel, umbrellas, eyeglasses, medicines, watches, jewelry plated or silverware, fruits or vegetables.

License fees shall be as follows: Transient merchants, \$5.00 per day; hawkers or auto peddlers, \$10.00 for one year.

Provided, however, that the term of no such license shall extend beyond the 31st day of December next following the granting of such license.

Section 3. Definitions: The words "transient merchant" as herein used shall include all persons, individuals, corporations and partnerships, but not principal and agent, who engage in, do or transact any temporary and transient business in this city, either in one location, or by moving from place to place in the city, selling goods, wares and merchandise, and who, for the purpose of carrying on such business, hire, lease, occupy or use a building, structure, vacant lot or railroad car for the exhibition and sale of such goods, wares and merchandise.

The words "hawker and peddler" as herein used shall include all persons and individuals (both as principal and agent), who go about the city from place to place, carrying goods, wares, and merchandise with them for the purpose of vending, selling, disposing or

delivering the same to any person or persons.

Provided, that nothing in this section contained shall be held to include any sale conducted pursuant to statute or by order of any court, or to any person conducting a bona fide auction sale, who is at the time of conducting such sale duly licensed.

The terms of this ordinance shall not be held to include the acts of persons selling personal property at wholesale to dealers in such articles, nor to the acts of merchants or their employees in taking orders at the houses of their customers, for goods held by them in stock, at their places of business, nor the acts of the said merchants or their employees in delivering such goods in the regular course of business, nor to milkmen who shall have been duly licensed, nor to peddlers of goods and merchandise, nor to vendors or dispose of the products of the farm or garden occupied and cultivated by him.

Provided, also that no license fee or other charge, although the license shall be required, of any honorably discharged soldier, sailor, or marine who served in the United States in the Civil War, in the Philippine Rebellion, in the Boxer Uprising or in the recent war against the German Empire and its allies, or of any blind person who is a resident of Minnesota, for the privilege of hawking or peddling goods and merchandise, shall be prohibited by law or ordinance solely on its own account.

Section 4. License for Personal Use: Licenses issued under the provisions of this ordinance shall not authorize any person or persons except the identical person or persons named in the said license to engage in business thereunder, and said license shall not be transferable.

Section 5. Must Have License in Possession: It shall be the duty of every person licensed under this ordinance to have with him while engaged in such business the license received by him from the City Clerk and produce the same at the request of any city official.

Section 6. Certain Advertising Not Permitted: No person, licensed under this ordinance, shall, within the City of Brainerd, sell or offer to sell, or bring to the goods, wares or merchandise which he or they are selling or offering for sale by crying them out, by blowing a horn, by ringing a bell or by any other loud or unusual noise.

Section 7. Penalty: Any person violating any of the provisions of this ordinance shall, upon conviction in any court having jurisdiction, be punished by a fine of not less than \$10.00, nor more than \$100.00 and costs of prosecution, or by imprisonment in the city jail for not more than ninety (90) days.

Section 8. Appeal: All ordinances or parts thereof inconsistent with this ordinance are hereby repealed.

Section 9. When to Take Effect: This ordinance shall take effect and be in force from and after its passage and publication.

Passed 18th day of August, 1924.

Legend of St. Ursula

The legend of "Ursula" varied with different historians. According to the generally accepted legend, Ursula, the daughter of a king or prince of Britain, while on a pilgrimage with 11,000 maidens was attacked at Cologne, Germany, and put to death with all her followers by a horde of Huns.

Use for Old Clock

An old clock is made useful in the sickroom by setting the hands at the time the patient is to receive the next dose of medicine.

English County Has Its Own Salt Lake

Every one who has swum in a lake or pond as well as in the sea knows the extra buoyancy of salt water as compared with fresh. This effect of salt on water is demonstrated strikingly at Droitwich, the Worcester-shire spa, where there is water in which it is impossible to sink.

You can float on the water, sit on it, and even go to sleep on it, without fear of drowning. The better the swimmer you are, indeed, the worse you will fare, because the moment you try to strike out your feet fly upward, to give you an unpleasant emetic!

So high is the percentage of salt that the crystals completely coat the skin, unless drying is resorted to immediately on leaving the water.

Some of the cures effected by the baths are remarkable. Anemia, neuralgic ailments, and rheumatism sometimes yield as if by magic under the treatment, which is becoming increasingly popular.—London Answers.

Mocking Bird and Robin

To the South the mocking bird is what the robin is to the North. He is known as far north as British Columbia, but is seldom found nesting there, while those found in the southern United States live there the year round, writes a contributor to "Bird Lore."

The female builds her nest the latter part of March, lays her greenish-blue eggs, speckled with brown, early in April, and by May the eggs are hatched. A second brood is often reared by the same pair of birds. The mocking bird's back is ashen gray, his wings a brownish tinge with a large white patch, and his throat and outer tail feathers are white, with the under parts brownish white.

It is when the mocking bird works himself up into a passion of song that one realizes the wonder of his voice. He imitates the sounds of the woods and the other birds, but he improves on them.

Man's Mind Ever in

Abject Grip of Fear

Primitive man began his existence on earth under conditions that caused his hair to stand on end a dozen times in the day of thrilling adventures. When he looked around him it was with an anxious, watchful eye for enemies, and an ear strained to catch the howlings of strange beasts.

It was with reluctance he surrendered his consciousness at night, for there was no security about his rude couch. He looked up at the sky with no sense of friendly aid to be sought there, but rather with craven dread of some malign intent in the strange movements of the stars and in the periodic appearance of flaming comets.

Man lived for countless ages with fear at his elbow, and the centuries of his advance in knowledge and culture have not enabled him to rid himself of the monster, says E. V. Odle in P. T.'s and Cassell's Weekly. One result of this is that the language of almost every civilization abounds with taboos and superstitions, while even a good many of the sayings of the great are colored with the emotions of fear.

Science has disposed of superstition, but it has come to understand only a very little more about the emotion of fear. It is only in his head and in his heart that man is sometimes a hero; in the pit of his stomach he is always a coward. Physiologically, the emotion of fear hits us very literally below the belt. It affects the great network of nerves situated under the diaphragm and known as the solar plexus. These nerves are closely associated with all the most vital organs and they control the very pilot upon which the human mechanism works. Lon Chaney and Dorothy Mackaill in a scene from the Paramount Picture 'The Next Corner' A Sam Wood Production

A big cast and a big story go hand in hand in Sam Wood's latest production, "The Next Corner," which opens at the Lyceum Theatre tonight.

Conway Tearle, Lon Chaney, Dorothy Mackaill, Ricardo Cortez and Louise Dresser are the featured players. The story, adapted to the screen by Monte M. Katterjohn from the novel of the same name by Kate Jordan, is one with a moral for every young married couple—the lesson we derived was one of satisfaction with our lot in life and—well—discretion. Miss Mackaill is the wife, Conway

HAS TWO AUTO SMASHES ONE DAY

Peter Notch, a farmer residing some 10 miles west of the city, figured in two auto smashes on the Luxemburg road and the second one sent his car in, badly smashed, for repairs. At about 1:30 p. m. yesterday, Ed, Benzel, a railroad fireman, was approaching the narrow bridge on that road near the Robinson hill when he saw a car approaching over the bridge from the other direction at a high rate of speed, he said this morning.

When the car drew closer he saw that it had a light farm wagon as a trailer and Benzel endeavored to swing over as far as the narrow road permitted. The light wagon slewed to one side, however, just as it left the bridge and crashed across the front of the Benzel car, a Buick, caved the radiator beside breaking an axle and doing other damage. The farm wagon was a wreck but Peter cared not, and did not slacken his pace. He was overtaken in a chase that followed in another car and disclaimed all responsibility when queried concerning the smash. Benzel alleges that it was plain that Notch had been drinking heavily.

Later in the day, at about 8:30 o'clock, Notch essayed a journey along the same road. This time a Royalton driver, who abandoned his car without leaving his name after the crash, and Notch contested the right-of-way on the narrow portion of the road that leads over the Robinson hill. The cars met head on and both were considerably damaged. The Royalton man, it is said, viewed the wreck for a moment and then "bummed" a ride back into town with a passing car, stating that he intended to let the Ford lay. Notch's car was taken to a local garage for repairs.—St. Cloud Journal-Press.

DISCORDANT NOTES ARE SOUNDED IN DEMOCRATIC RANKS

New York, Aug. 20.—Discordant notes that have marred Democratic harmony since the New York convention became more marked today.

Party leaders discussed with John W. Davis, Democratic standard bearer, the advisability of a strategy board to aid in conducting the campaign.

In a measure party leaders believe Democratic success depends upon the ability of Davis to dominate the situation and bring about a settlement which will be satisfactory to all elements of democracy.

The question of a strategy board was raised when protests from many party leaders in all parts of the country against selection of Clem L. Shaver as national committee chairman continued to grow. The chief objection is that Shaver has no experience in politics. Davis selected him, however, as the best way to end the controversy between disputing factions of the country.

A Far-Sighted Banker's Idea of Advertising

by FESTUS J. WADE
President, MERCANTILE TRUST COMPANY of St. Louis

Do I believe that a banker considers reputation, as developed by advertising, in extending credit? There probably are bankers who will give a negative answer to this question and believe they are giving the right answer.

But let those bankers be approached by a credit-seeking national advertiser, who has established his name, therefore a market for his goods, and see what happens. In nine cases out of ten the fact that those goods have become a household "buy-word" will be the greatest factor in granting the credit.

The banker himself will have become subconsciously sold on the firm, through its consistent advertising. He will say, "Oh, yes, that's a big house—well known, good reputation," etc., not realizing that it was advertising that did the work.

The next minute he may be approached by a new company, trying to make its name, and turn down the loan because too much of it is to be spent for the purpose of advertising. In the first application he has helped the big advertiser to cash in on his reputation, and in the second was depriving the newcomer of the right to build a reputation. This is only a hypothetical case, and I am glad to say I don't believe it happens as often as it did in the past. Just as we learn something new every day, so every day another banker wakes up to the underlying power and pull of advertising.

Man's Mind Ever in

Abject Grip of Fear

Primitive man began his existence on earth under conditions that caused his hair to stand on end a dozen times in the day of thrilling adventures. When he looked around him it was with an anxious, watchful eye for enemies, and an ear strained to catch the howlings of strange beasts.

It was with reluctance he surrendered his consciousness at night, for there was no security about his rude couch. He looked up at the sky with no sense of friendly aid to be sought there, but rather with craven dread of some malign intent in the strange movements of the stars and in the periodic appearance of flaming comets.

Man lived for countless ages with fear at his elbow, and the centuries of his advance in knowledge and culture have not enabled him to rid himself of the monster, says E. V. Odle in P. T.'s and Cassell's Weekly. One result of this is that the language of almost every civilization abounds with taboos and superstitions, while even a good many of the sayings of the great are colored with the emotions of fear.

Science has disposed of superstition, but it has come to understand only a very little more about the emotion of fear. It is only in his head and in his heart that man is sometimes a hero; in the pit of his stomach he is always a coward. Physiologically, the emotion of fear hits us very literally below the belt. It affects the great network of nerves situated under the diaphragm and known as the solar plexus. These nerves are closely associated with all the most vital organs and they control the very pilot upon which the human mechanism works. Hence, the "sinking feeling" that we experience in moments of fear is due to an actual relaxation of the diaphragm itself and the consequent embarrassment of the heart and the pulmonary system.

Science has also discovered that the sense of fear, when it becomes intensified, tends to produce a well-marked condition known in medical terms as a phobia. COUNTY FAIR AT PEQUOT AUG. 27-29

Keener Competition Among Exhibitors, Especially in Agricultural Lines

FARM BUREAU EXHIBITS

Many Pure Bred Dairy Sires, Sponsored by Chamber of Commerce, on Exhibition

A great deal of interest and enthusiasm is being exhibited in the coming Crow Wing County fair, which will be held at Pequot on next Wednesday, Thursday and Friday, August 27th, 28th and 29th.

There promises to be a keener competition among exhibitors, especially in agricultural lines, this year than ever before. Three farm bureau units, The Twin Lakes club, near Pequot, the Roosevelt club from the southeastern corner of the county and the Cloverhill club of Timothy township, will have special exhibits in their own booths. Others are expected to follow this example.

It is planned to have many of the pure-bred dairy sires, that were given to the farmers through the efforts of the Brainerd Chamber of Commerce last spring, placed on exhibition at the county fair and competing in the livestock section.

At the time these sires were apportioned to the farmers, an association, was formed, called the Crow Wing County Purebred Sire Association, which has the handling of the sires and apportioned them to the farmers by the block system, each block of farmers receiving a sire. It is the intention of the fair authorities to have these various blocks competing for honors by exhibiting their sires.

A special department this year at the fair will be that arranged for farmers' exhibits. Here Crow Wing county farmers may display their agricultural products, each one making a special exhibit of all that he raises. The first prize, given for the best exhibit in this department, is \$25.

A fine program of entertainment has been arranged for the county fair visitors. Chief among the attractions will be the auto push ball, said to be a thrilling and spectacular game and one that is entirely new. Four big acts of excellent vaudeville have also been secured, so that those who attend this year's fair are promised exceptional entertainment as well as fine exhibits.

PROF. FRANKFORTER IRREPARABLE LOSS

Fire at Summer Home on Kabegona Lake Destroys Chemistry Manuscript

LABOR OF THREE YEARS IS LOST
House, Motorboat, Valuable Guns, Etc., Destroyed in Fire of Unknown Origin

John L. Grindell, former resident of Minneapolis, and now residing in Chicago, arrived in the city this afternoon with the news that fire on Monday evening at ten o'clock destroyed the summer home of Prof. Frankforter on Kabegona lake, near Laporte.

This fire is a sad loss to Prof. Frankforter, head of the chemistry department of the University of Minnesota, who loses three years' work in having the manuscript of a chemistry text book, nearly completed, burned in the blaze. A motorboat and several valuable guns were also destroyed. The cause of the fire is unknown.

Prof. Frankforter is an acknowledged authority on chemistry and has been connected with the state university for the past thirty-three years. The loss of the manuscript will be keenly felt by students of chemistry as well as by the author himself.

With Prof. Frankforter at their lake home were his wife and son.

BUSINESS MEN'S POPULAR DINNER

Association to Give One on Tuesday Evening at Chamber of Commerce Rooms

AL BEAVER IS CATERER

Inauguration of Sales Days Up, Store Closing Hours Before Holidays, Etc.

The Brainerd Business Men's Association announces another of its popular dinners, the first one of this season, which will be held on Tuesday evening, August 26th, at the Chamber of Commerce. Al Beaver is to be the caterer and has promised to equal if not excel his past efforts, which have made him justly famous.

This is a very important meeting of the Association, and it is hoped that every business man will make a special effort to be present. Among the many matters that will be discussed is that of inaugurating sales days throughout the next few months similar to those that were staged last year.

Shall stores remain open until eight o'clock on evenings before holidays? It is hoped to settle this matter at Tuesday's meeting, and also that of abolishing or changing the date of the merchants and clerks annual picnic.

There has been a great deal of dissatisfaction among patrons, especially summer tourists, because of the closing of local business houses for the merchants and clerks picnic, and it is expected that this event will either be set for earlier in the season or abolished entirely.

Other matters of importance will be considered at Tuesday evening's meeting, which will be of interest to every member. The supper will be served promptly at 6:15 p. m. and the meeting will follow immediately after the meal.

INTEREST GAINS IN FLOWER SHOW

Officers of Local Garden Flower Society Pleased With Interest and Cooperation Shown

CROSBY MEMBER JOINS

Added Feature Thursday and Friday Will be Luncheon Tables, Flowers as Decorations

The interest in flowers and the coming flower show is surprising, according to one of the officers of the local flower society.

On Monday a check was received from Mrs. E. W. Hallet, of Crosby, being the fees for the membership of ten members. The fee is but one dollar per year and in return the member receives the Minnesota Horticulturist for one year and seed and premiums in plants, which are more than the cost of the membership. These memberships make the show possible.

An added feature of the show on Thursday and Friday will be some luncheon tables, set showing the proper use of flowers in table decoration. This will be of unusual interest to Brainerd matrons.

It has been decided to hold this flower show in the E. O. Webb building on Front street. It will be open to the public from two to nine o'clock Thursday afternoon and evening and from nine o'clock in the morning until six o'clock in the evening on Friday. A splendid exhibition of flowers is promised.

EXPERT CARE OF BLACK SMALLPOX

Miss Eula Michael, City and School Nurse, Receives Letter From Director State Board of Health

5 CASES MORRISON COUNTY

One Reported in Stearns County, Crow Wing County Has One in Deerwood District

Miss Eula Michael, city and school nurse, has just received a letter from Dr. O. McDaniel, director of the state board of health, explaining several phases of the handling of black smallpox cases which are now prevalent in certain sections of Minnesota, including the Deerwood district. Miss Michael feels that this is a subject of general interest, and parts of Dr. McDaniel's letter are given herewith:

"At least one more death from hemorrhagic smallpox has been reported and there are nine cases in Morrison county and one in Stearns county. We have also had reports of rather severe cases in a number of other localities.

"In regard to the efficacy of an old vaccination in the face of the present outbreak of black smallpox, one should not depend upon an old vaccination. Rather, one should vaccinate and re-vaccinate.

"In the present outbreak there have been instances of smallpox occurring in persons who gave history of having had smallpox early in life. It stands to reason that if exceptionally an attack of smallpox does not protect against an attack by the virulent strain of smallpox, that a long standing vaccination should not be expected to wholly protect against such virulent infection.

"As a matter of fact, early vaccination may give such protection to make the attack rather mild although the infection is from the virulent strain, popularly known as black smallpox."

Miss Michael joins with local health authorities in urging all who have not been vaccinated to do so at once, and thus assist in keeping down an epidemic of black smallpox, which is possible unless careful preventive measures are taken early.

Latter Phase to be Aired in Court Before Judge W. S. McClenahan

A quartet of suspects, three men and one woman, were brought before Judge W. S. McClenahan on Wednesday morning, on charges culminating from proceedings that were started on last Friday, but which have been kept secret while links in the chain of evidence were being forged.

County Attorney Walter F. Wieland presented to the court on Wednesday warrants charging the four with various crimes. Joseph E. Kane is charged with carrying concealed weapons, with the theft of an Essex automobile and on two warrants charging the improper use of license plates on this car.

John W. Stern is held under a warrant issued August 15th, charging petit larceny and one charging the theft of the Essex automobile. Blanche Stern, his wife is charged with petit larceny and with the theft of the Essex. The fourth of the quartet, Paul T. Donahue, is held for the theft of the car, which is a charge of grand larceny in the first degree.

The petit larceny charges are that Sterns and his wife took some clothing from the store of Max Rutger, at Bay lake on July 30th. The Essex automobile was traced by the authorities from the factory to Superior Wisconsin agents and to one, S. H. Snell, whose brother reported it as having been stolen and stated that its owner had so notified the police of Superior.

The attention of the authorities was first directed to the party of three men and three women who rented a cottage at South Bay lake about three weeks ago. On Friday the premises were searched under a search warrant. The minor charge of the Rutger store theft was followed by others more serious.

All four suspects are held in the Crow Wing county jail and a fifth, Marvyl Kane, is still at large. Counsel has been secured and the four that are being held are attempting to secure their release by habeas corpus proceedings. The county attorney did not have his returns completed when the case was called in the morning and it was continued until two o'clock in the afternoon.

Writ Allowed, But Custody Continued
The habeas corpus proceedings were continued at two o'clock Wednesday afternoon, and Judge McClenahan allowed the writ, freeing the four as stipulated.

The court added, however, that in view of the fact that warrants had been issued by a competent court for the four people in question, they were to be held in the custody of the officers.

It is expected that they will be arraigned in municipal court and given a preliminary hearing on Thursday morning.

Good News For Those Who Wear The Larger Sized Garments

We have just received the first shipment of coats for those who wear sizes larger than size 40 and this is the first of a number of dresses and coats in the larger sizes.

Last fall we offered some of these garments and the reception they received has encouraged us to again offer more of them.

One feature, which we are sure you will welcome, is that these garments are more popularly priced than those shown last year. Dresses will sell from \$12.50 to \$50.00 and coats from \$17.95 to \$65.00. By the latter part of next week we hope to have a fine assortment for you.

COUNTY FAIR AT PEQUOT AUG. 27-29

Keener Competition Among Exhibitors, Especially in Agricultural Lines

FARM BUREAU EXHIBITS

Many Pure Bred Dairy Sires, Sponsored by Chamber of Commerce, on Exhibition

A great deal of interest and enthusiasm is being exhibited in the coming Crow Wing County fair, which will be held at Pequot on next Wednesday, Thursday and Friday, August 27th, 28th and 29th.

There promises to be a keener competition among exhibitors, especially in agricultural lines, this year than ever before. Three farm bureau units, The Twin Lakes club, near Pequot, the Roosevelt club from the southeastern corner of the county and the Cloverhill club of Timothy township, will have special exhibits in their own booths. Others are expected to follow this example.

It is planned to have many of the pure-bred dairy sires, that were given to the farmers through the efforts of the Brainerd Chamber of Commerce last spring, placed on exhibition at the county fair and competing in the livestock section.

At the time these sires were apportioned to the farmers, an association, was formed, called the Crow Wing County Purebred Sire Association, which has the handling of the sires and apportioned them to the farmers by the block system, each block of farmers receiving a sire. It is the intention of the fair authorities to have these various blocks competing for honors by exhibiting their sires.

A special department this year at the fair will be that arranged for farmers' exhibits. Here Crow Wing county farmers may display their agricultural products, each one making a special exhibit of all that he raises. The first prize, given for the best exhibit in this department, is \$25.

A fine program of entertainment has been arranged for the county fair visitors. Chief among the attractions will be the auto push ball, said to be a thrilling and spectacular game and one that is entirely new. Four big acts of excellent vaudeville have also been secured, so that those who attend this year's fair are promised exceptional entertainment as well as fine exhibits.

PROF. FRANKFORTER IRREPARABLE LOSS

Fire at Summer Home on Kabegona Lake Destroys Chemistry Manuscript

LABOR OF THREE YEARS IS LOST

House, Motorboat, Valuable Guns, Etc., Destroyed in Fire of Unknown Origin

John L. Grindell, former resident of Minneapolis, and now residing in Chicago, arrived in the city this afternoon with the news that fire on Monday evening at ten o'clock destroyed the summer home of Prof. Frankforter on Kabegona lake, near Laporte.

This fire is a sad loss to Prof. Frankforter, head of the chemistry department of the University of Minnesota, who loses three years' work in having the manuscript of a chemistry text book, nearly completed, burned in the blaze. A motorboat and several valuable guns were also destroyed. The cause of the fire is unknown.

Prof. Frankforter is an acknowledged authority on chemistry and has been connected with the state university for the past thirty-three years. The loss of the manuscript will be keenly felt by students of chemistry as well as by the author himself.

With Prof. Frankforter at their lake home were his wife and son.

BUSINESS MEN'S POPULAR DINNER

Association to Give One on Tuesday Evening at Chamber of Commerce Rooms

AL BEAVER IS CATERER

Inauguration of Sales Days Up, Store Closing Hours Before Holidays, Etc.

The Brainerd Business Men's Association announces another of its popular dinners, the first one of this season, which will be held on Tuesday evening, August 26th, at the Chamber of Commerce. Al Beaver is to be the caterer and has promised to equal if not exceed his past efforts, which have made him justly famous.

This is a very important meeting of the Association, and it is hoped that every business man will make a special effort to be present. Among the many matters that will be discussed is that of inaugurating sales days throughout the next few months similar to those that were staged last year.

Shall stores remain open until eight o'clock on evenings before holidays? It is hoped to settle this matter at Tuesday's meeting, and also that of abolishing or changing the date of the merchants and clerks annual picnic.

There has been a great deal of dissatisfaction among patrons, especially summer tourists, because of the closing of local business houses for the merchants and clerks picnic, and it is expected that this event will either be set for earlier in the season or abolished entirely.

Other matters of importance will be considered at Tuesday evening's meeting, which will be of interest to every member. The supper will be served promptly at 6:15 p. m. and the meeting will follow immediately after the meal.

WISH AID TO START SCHOOL

Miss Eula Michael Asks For Donations of Clothing to Assist 5 Girls and a Boy

Miss Eula Michael, school nurse, advises that she is in touch with five girls and a boy, who cannot start to school this fall unless suitable clothing can be secured for them.

The mother is very ill, and the father is unemployed, which leaves the family in very poor circumstances.

The girls' ages are 6 years, 7 years, 11 years, 12 years and 14 years. The boy is 10 years old. Those who have suitable clothing are asked to notify Miss Michael as soon as possible.

INTEREST GAINS IN FLOWER SHOW

Officers of Local Garden Flower Society Pleased With Interest and Cooperation Shown

CROSBY MEMBER JOINS

Added Feature Thursday and Friday Will be Luncheon Tables, Flowers as Decorations

The interest in flowers and the coming flower show is surprising, according to one of the officers of the local flower society.

On Monday a check was received from Mrs. E. W. Hallet, of Crosby, being the fees for the membership of ten members. The fee is but one dollar per year and in return the member receives the Minnesota Horticulturist for one year and seed and premiums in plants, which are more than the cost of the membership. These memberships make the show possible.

An added feature of the show on Thursday and Friday will be some luncheon tables, set showing the proper use of flowers in table decoration. This will be of unusual interest to Brainerd matrons.

It has been decided to hold this flower show in the E. O. Webb building on Front street. It will be open to the public from two to nine o'clock Thursday afternoon and evening and from nine o'clock in the morning until six o'clock in the evening on Friday. A splendid exhibition of flowers is promised.

EXPERT CARE OF BLACK SMALLPOX

Miss Eula Michael, City and School Nurse, Receives Letter From Director State Board of Health

5 CASES MORRISON COUNTY

One Reported in Stearns County, Crow Wing County Has One in Deerwood District

Miss Eula Michael, city and school nurse, has just received a letter from Dr. O. McDaniel, director of the state board of health, explaining several phases of the handling of black smallpox cases which are now prevalent in certain sections of Minnesota, including the Deerwood district. Miss Michael feels that this is a subject of general interest, and parts of Dr. McDaniel's letter are given herewith:

"At least one more death from hemorrhagic smallpox has been reported and there are nine cases in Morrison county and one in Stearns county. We have also had reports of rather severe cases in a number of other localities.

"In regard to the efficacy of an old vaccination in the face of the present outbreak of black smallpox, one should not depend upon an old vaccination. Rather, one should vaccinate and re-vaccinate.

"In the present outbreak there have been instances of smallpox occurring in persons who gave history of having had smallpox early in life. It stands to reason that if exceptionally an attack of smallpox does not protect against an attack by the virulent strain of smallpox, that a long standing vaccination should not be expected to wholly protect against such virulent infection.

"As a matter of fact, early vaccination may give such protection to make the attack rather mild although the infection is from the virulent strain, popularly known as black smallpox."

Miss Michael joins with local health authorities in urging all who have not been vaccinated to do so at once, and thus assist in keeping down an epidemic of black smallpox, which is possible unless careful preventive measures are taken early.

UNITED STATES WILL WIN IN 1928

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Aug. 20.—When the American athletes were leaving the Colombes stadium after the completion of the recent Olympic games, a prominent official of the British team said:

"We'll all have to wait now for four years to resume the European battle for second places."

This statement expressed rather strikingly the feeling that the foreign nations have about the athletic strength of the United States. While American coaches are sounding warnings about the danger of a decline in strength that might cause a defeat in Amsterdam in 1928, the European officials and coaches lean the other way and expect to see a stronger team sail from the United States for Holland.

Because some European nations figure Americans as the champion hornblowers of the world, there is something to be admired in the modesty that prompts the American coaches to point out that we are not advancing as rapidly as some of the younger foreign athletic nations, but facts and figures do not warrant any such pessimism about the next games.

The team that won the championship in Paris was a stronger and better balanced team than the 1920 team which cleaned up in Antwerp. The track and field team scored more points and won more first places against harder opposition and under more trying circumstances than the 1920 team did in Antwerp.

The Americans won the boxing and tennis tournaments, two events that were not won in Antwerp. The 1920 boxing team had to be content with second place and there was no American entry in the tennis matches.

While the Americans won the boxing championship in Paris, they won only two division titles, while they won three in Antwerp. The failure of Eddie Eagen, the former Yale boxing captain, to win the heavyweight championship was a disappointment and a blow to the team. It was not his fault. Eagen is a student at Oxford, and he had so much scholastic work that he was unable to train enough and he was not in good condition. He also was handicapped with a mental hazard as he was robbed of \$350 the night before the contests started and he was depending upon the money to keep him in England until the university opens in the fall.

If the American team was stronger this year than it was four years ago, there is no good reason why it should not be stronger in another four years. There is no reason to believe that the United States is declining physically, and as long as coaches have sound specimens to work on they should get better results as the science of coaching and the method of training are constantly improving.

The importance of coaching and training was well illustrated by the failure of Sweden to live up to expectations at Paris. The Swedish team of 1920 was coached by Ernie Hjertberg, and it was a most formidable team. Many of the Americans at the close of the Antwerp games predicted that Finland and Sweden would make it extremely hard for our team in Paris. But the Swedes did not retain Hjertberg. He went to Holland and turned out a team that was the big surprise of the games. With the exception of Wide, a great, little runner, and Christensen, a hurdler who really was developed in the United States last year, the Swedes did not have a dangerous competitor.

SELECT SLUGGERS CONTINUE THEIR WINNING STREAK

DEFEAT O'BRIEN'S INVINCIBLES IN A FAST GAME

SCORE CHALKED UP, NINE INNINGS, THIRTEEN TO FIVE

In one of the best kittenball games to this date, the Select Sluggers defeated the O'Brien Invincibles last night at the Main Street grounds, 13 to 5. Up to the last half of the sixth inning, the Invincibles held the lead, 5 to 3, but in that frame the Sluggers brought out their big guns, and pushed over enough to win the game, and continued scoring in the next two innings.

The feature of the game was the fielding of the Sluggers' outfield. Swanson, playing left field, and Viken in right field, accepted about a dozen hard chances without a skip. Hanson of the Invincibles and Dillan of the Sluggers made home runs.

The Sluggers will play the N. P. Scrap Dock in the near future.

DEMPSEY'S NOSE IS OPERATED ON

OPERATION DECLARED BY SURGEON TO BE MOST SUCCESSFUL ONE

(By United Press)
Los Angeles, Aug. 20.—Jack Dempsey, heavyweight champion, was out of the limelight while his nose, made over by a plastic surgeon, loses some of its redness and its bandages.

The operation, "entirely successful," attendants reported, indicating also that Dempsey is tickled with the job. His breathing is easier, to say nothing of a more handsome appearance.

Dempsey's nose has lost the old droop in the middle and upturn at the tip. It will be in this state at least until some opponent restores it to its old shape. Until then the champion will have a nose of which anyone might be proud.

The surgeons, using local anesthetic, cut away two inches of cartilage from one of Jack's ears where the cauliflowerers are inclined to ripen and used this to fill up the nasal depression.

Size of Alaska

United Alaska spreads over 17 degrees north and south, or as far as from New Orleans to Duluth, so that some variation of climate might reasonably be expected within its borders. And east and west the stretch is 58 degrees, or considerably more than from New York to San Francisco. Plenty of elbow room this way, too, for diversities. The total area is nearly 600,000 square miles, or one-fifth the size of the entire United States.—Mary Lee Davis in Scribner's Magazine.

Kisses

The safest time to kiss is midnight. The most dangerous time is early in the morning, germs having accumulated during the night. As the hour roll by germs are gradually eliminated from their favorite nest—mouth at lips. Even at four in the afternoon kissing still is risky.

UNITED STATES POLO TEAM TO BE PICKED

New York, Aug. 20.—America's polo team which is to defend the international challenge cup against the British team at Meadowbrook next month probably will be picked after the final test match.

It seems a foregone conclusion the Americans will line up with Watson Webb at No. 1, Tommy Atkins at No. 2, Malcolm Newcomb at No. 3, and Devereaux Milburn, greatest of them all in the back position, in the first game.

Ernest Peddy, the young Californian, is making a game effort and would make a good choice if he had a little more experience.

The British team, which arrived yesterday, was being settled on Long Island today and was preparing to get what they called some needed practice. The visitors, who are all army officers with one exception, are anything but boastful. They say they have a very slight chance to win, because Lacey and Kirkwood, two of their best players, are not in good physical condition. Both were injured recently in London.

With the exception of Kirkwood and Phipps-Hornby, all of the British squad have played in this country before, although their cup experience has been limited.

He hits right, bats right and catches right—in other words he is a cracker-jack. Hartnett says, Grover Cleveland Alexander is the easiest pitcher to catch he ever worked with.

No Regular Nail Sizes

Up until about the Fifteenth century nails in England were sold by the hundred. Nails which sold for 10 cents a hundred were called 10-penny nails, those which sold for 6 cents, 6-penny nails, etc. When the prices changed the names persisted and, finally, came to be used to designate size, says the Detroit News.

The "d" is used as a sign of penny and is derived from the Latin "denarius." According to Webster's International dictionary, the explanation that "penny" in this connection is a corruption of "pound" is wrong. There are no regular standard sizes for nails by "pennies." For instance, the length of 10-penny nails varies, depending upon the kind of nails and the firm manufacturing them.

UNITED STATES WILL WIN IN 1928

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Aug. 20.—When the American athletes were leaving the Colombes stadium after the completion of the recent Olympic games, a prominent official of the British team said:

"We'll all have to wait now for four years to resume the European battle for second places."

This statement expressed rather strikingly the feeling that the foreign nations have about the athletic strength of the United States. While American coaches are sounding warnings about the danger of a decline in strength that might cause a defeat in Amsterdam in 1928, the European officials and coaches lean the other way and expect to see a stronger team sail from the United States for Holland.

Because some European nations figure Americans as the champion horn-blowers of the world, there is something to be admired in the modesty that prompts the American coaches to point out that we are not advancing as rapidly as some of the younger foreign athletic nations, but facts and figures do not warrant any such pessimism about the next games.

The team that won the championship in Paris was a stronger and better balanced team than the 1920 team which cleaned up in Antwerp. The track and field team scored more points and won more first places against harder opposition and under more trying circumstances than the 1920 team did in Antwerp.

The Americans won the boxing and tennis tournaments, two events that were not won in Antwerp. The 1920 boxing team had to be content with second place and there was no American entry in the tennis matches.

While the Americans won the boxing championship in Paris, they won only two division titles, while they won three in Antwerp. The failure of Eddie Eagen, the former Yale boxing captain, to win the heavyweight championship was a disappointment and a blow to the team. It was not his fault. Eagen is a student at Oxford, and he had so much scholastic work that he was unable to train enough and he was not in good condition. He also was handicapped with a mental hazard as he was robbed of \$350 the night before the contests started and he was depending upon the money to keep him in England until the university opens in the fall.

If the American team was stronger this year than it was four years ago, there is no good reason why it should not be stronger in another four years. There is no reason to believe that the United States is declining physically, and as long as coaches have sound specimens to work on they should get better results as the science of coaching and the method of training are constantly improving.

The importance of coaching and training was well illustrated by the failure of Sweden to live up to expectations at Paris. The Swedish team of 1920 was coached by Ernie Hjertsberg, and it was a most formidable team. Many of the Americans at the close of the Antwerp games predicted that Finland and Sweden would make it extremely hard for our team in Paris. But the Swedes did not retain Hjertsberg. He went to Holland and turned out a team that was the big surprise of the games. With the exception of Wide, a great, little runner, and Christensen, a hurdler who really was developed in the United States last year, the Swedes did not have a dangerous competitor.

PANCHO VILLA WINS OVER CARLIN

New Orleans, Aug. 20.—Pancho Villa, flyweight champion, had little difficulty retaining his title against Kid Carlin of Janetta, La., in a 15-round no decision bout here. The Filipino had the best of it throughout.

YOUNG STRIBLING STARTS IN TRAINING

Saratoga Springs, N. Y., Aug. 20.—Young Stribling, Georgia light heavyweight, who is to meet Paul Berlenbach, New York, on Aug. 27, has engaged a training camp here and will start training in a few days.

SELECT SLUGGERS CONTINUE THEIR WINNING STREAK

DEFEAT O'BRIEN'S INVINCIBLES IN A FAST GAME

SCORE CHALKED UP, NINE INNINGS, THIRTEEN TO FIVE

In one of the best Kittenball games to this date, the Select Sluggers defeated the O'Brien Invincibles last night at the Main Street grounds, 13 to 5. Up to the last half of the sixth inning, the Invincibles held the lead, 5 to 3, but in that frame the Sluggers brought out their big guns, and pushed over enough to win the game, and continued scoring in the next two innings.

The feature of the game was the fielding of the Sluggers' outfield. Swanson, playing left field, and Viken in right field, accepted about a dozen hard chances without a skip. Hanson of the Invincibles and Dillan of the Sluggers made home runs.

The Sluggers will play the N. P. Scrap Dock in the near future.

The score by innings:
O'Brien's Invincibles 210200000—5
Select Sluggers.....02100613x—13

DEMPSEY'S NOSE IS OPERATED ON

OPERATION DECLARED BY SURGEON TO BE MOST SUCCESSFUL ONE

(By United Press)
Los Angeles, Aug. 20.—Jack Dempsey, heavyweight champion, was out of the limelight while his nose, made over by a plastic surgeon, loses some of its redness and its bandages.

The operation, "entirely successful," attendants reported, indicating also that Dempsey is tickled with the job. His breathing is easier, to say nothing of a more handsome appearance. Dempsey's nose has lost the old droop in the middle and upturn at the tip. It will be in this state at least until some opponent restores it to its old shape. Until then the champion will have a nose of which anyone might be proud.

The surgeons, using local anesthetic, cut away two inches of cartilage from one of Jack's ears where the cauliflowerers are inclined to ripen and used this to fill up the nasal depression.

Size of Alaska

United Alaska spreads over 17 degrees north and south, or as far as from New Orleans to Duluth, so that some variation of climate might reasonably be expected within its borders. And east and west the stretch is 58 degrees, or considerably more than from New York to San Francisco. Plenty of elbow room this way, too, for diversities. The total area is nearly 600,000 square miles, or one-fifth the size of the entire United States.—Mary Lee Davis in Scribner's Magazine.

Kisses

The safest time to kiss is midnight. The most dangerous time is early in the morning, germs having accumulated during the night. As the hour roll by germs are gradually eliminated from their favorite nest—mouth at lips. Even at four in the afternoon kissing still is risky.

This important information is supplied by an official of a life insurance company.

Charles T. Nehf is usually hoarse the day following a game pitched by Arthur. UNITED STATES POLO TEAM TO BE PICKED

New York, Aug. 20.—America's polo team which is to defend the international challenge cup against the British team at Meadowbrook next month probably will be picked after the final test match.

It seems a foregone conclusion the Americans will line up with Watson Webb at No. 1, Tommy Atkins at No. 2, Malcolm Newcomb at No. 3, and Deveraux Milburn, greatest of them all in the back position, in the first game.

Ernest Peddy, the young Californian, is making a game effort and would make a good choice if he had a little more experience.

The British team, which arrived yesterday, was being settled on Long Island today and was preparing to get what they called some needed practice. The visitors, who are all army officers with one exception, are anything but boastful. They say they have a very slight chance to win, because Lacey and Kirkwood, two of their best players, are not in good physical condition. Both were injured recently in London.

With the exception of Kirkwood and Phipps-Hornby, all of the British squad have played in this country before, although their cup experience has been limited.

BELL SAVED MARS FROM A KNOCKOUT

Cincinnati, Aug. 20.—After the bell had saved K. O. Mars from a knockout in the fourth round here last night, Lew Tendler was unable to floor him any more in a 10-round scrap which was Tendler's all the way.

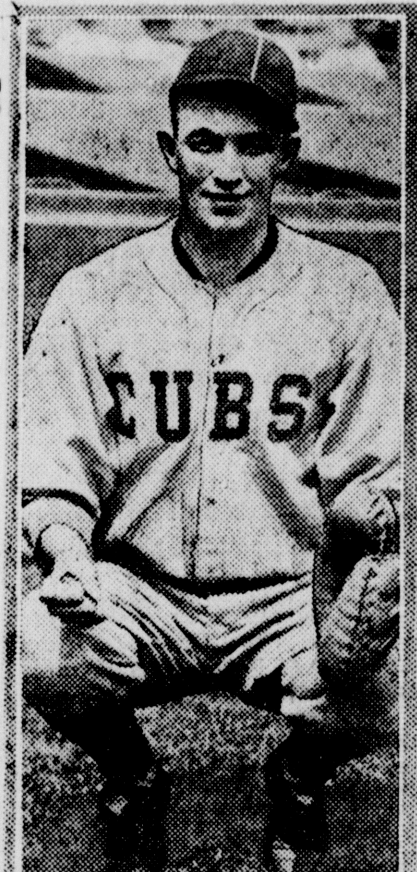

GENE TUNNEY IS AWARDED TECHNICAL K. O.

Columbus, O., Aug. 20.—Gene Tunney, New York light heavyweight champion, scored a technical knockout in the 8th round over Joe Loehman of Toledo.

KID SULLIVAN WINS DECISION

New York, Aug. 20.—Kid Sullivan, junior lightweight champion, retained his title by winning a 15-round decision from Pepper Martin, New York.

MARTNETT, CATCHER OF CUBS AND "PEPPER-POT" OF THE NATIONAL LEAGUE

Charles Leo Harnett, also called "Gabby" and known as the "pepper-pot" of the older major league, has more than made good with the Chicago club since he was bought from the Worcester, Mass., club of the Eastern League in the fall of 1921. He puts all the vigor of his 23 years and 6 feet 1 inch behind his bat and this season has some fifteen home runs to his credit. He hits right, bats right and catches right—in other words he is a cracker-jack. Harnett says, Governor Cleveland Alexander is the easiest pitcher to catch he ever worked with.
